1. Standards of Conduct

STANDARD OF CONDUCT/DISCIPLINARY SANCTIONS

Western Nebraska Community College's standards of conduct clearly prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its officially recognized activities. College policy prohibits the use, possession, or sale of alcoholic beverages in any form on College property, whether leased or owned, and on the specific premises of College sponsored or supervised off-campus functions, unless specifically approved by the Board of Governors in advance. The approval and authorization for the use, possession or sale of alcoholic beverages in any form on College property, within College facilities or at College sponsored or supervised off-campus functions is further conditioned upon the requirement that any use, possession or sale of alcoholic beverages be in complete conformity with the requirements of law. The laws of local, state, and federal authorities pertaining to the possession and use of illicit drugs and alcoholic beverages on public property shall be followed. Specifically, this means that is a violation of the drug and alcohol policy for students or employees to purchase, manufacture, possess, consume, or sell such items on campus.

STUDENT CODE OF CONDUCT

As an educational institution of higher education, WNCC seeks to provide the best educational environment for its students, faculty, and staff. The purpose of the Student Code of Conduct is to help ensure a safe and educationally productive environment for students, employees, and visitors. Conduct that adversely affects a student's responsible membership in the academic community shall result in appropriate disciplinary action. The College sets forth a clear policy regarding alcohol and other drugs and indicates the following are forms of Non-Academic Misconduct that can subject students to discipline:

- Alcohol - College policy prohibits the use, possession, or sale of alcoholic beverages on College property, whether leased or owned, and on the specific premises of College sponsored or supervised off-campus functions, unless specifically approved by the Board of Governors in advance and in full compliance with all applicable laws.
- Drugs - College policy prohibits the consumption, possession or sale of controlled substances and/or the presence of persons under the influence of controlled substances on College property, whether leased or owned, and on the specific premises of College sponsored or supervised off campus functions. Conduct covered by this offense includes but is not limited to:
 - Manufacture, distribution, sale, offer for sale, possession, or use of any illegal drug or narcotic, including but not limited to barbiturates, hallucinogens, amphetamines, cocaine, opium, heroin, or marijuana;
 - Misuse or abuse of legal drugs or narcotics;
 - Possession of a device (drug paraphernalia) that has been used to ingest an illegal drug or narcotic.
 - More information, including the complete text of the code, can be found in the Student Handbook.

Student or employee violations of the standards as stated in the above paragraph shall result in any one or a combination of the following disciplinary sanctions:

- a. Warning
- b. Disciplinary probation
- c. Suspension – up to and including expulsion or termination of employment
- d. Referral to an appropriate drug/alcohol education or treatment program

- e. Any other action considered necessary by college officials Definitions and accompanying procedures of these sanctions pertaining to students can be found in the Student Handbook.

Policies and procedures of these sanctions pertaining to employees are included in the Board of Governors Policy Manual. Students' rights shall be protected in accordance with due process. Students' accused of violating the drug/alcohol policy as established shall have the right to:

- a. A hearing before the appropriate campus official or judicial board
- b. Access to an appeal as defined within the college policies and procedures.

EMPLOYEE DRUG/ALCOHOL POLICY

The College has affirmed in Board policy (Drug-Free Workplace, BP-710) its responsibility and commitment to maintain a drug-free workplace strictly according to the terms and conditions of the Drug-Free Workplace Act of 1988. The College has further set out its methods of implementing these terms in conditions in President's Procedures (Implementation of Drug-Free Workplace, PP-710). The college prohibits the unlawful manufacture, distribution, dispensation, possession, or use of controlled substances on College property or while conducting College business off-premises. Additionally, any employee convicted of a criminal drug offense under the above conditions is subject to appropriate personnel action up to and including termination or satisfactory participation in a drug rehabilitation program. Employee Assistance Program (EAP) The College has also established an Employee Assistance Program (Connections) to assist faculty, staff, and their families. The Connections EAP program includes assistance for alcohol and substance abuse issues and can be accessed by contacting a 24-hour toll free hotline at 1-800-779-6125. EDUCATIONAL AND PREVENTION PROGRAMMING

WNCC makes available educational and prevention programming that deals specifically with the abuse of drugs and alcohol by student and employees. This includes workplace training, dissemination of informational materials, counseling services, referrals, and, in some cases, College disciplinary actions.

COMMUNITY RESOURCES

There are numerous drug and alcohol counseling, treatment, and rehabilitation centers located within the 12-½ county area served by WNCC. The following listing groups these centers in in the following categories: information and referral offices, outpatient services, inpatient facilities, and halfway houses and re-entry programs. This is a partial list and inclusion of an organization does not imply endorsement nor does omission imply disapproval.

Any of these resources can also provide information and assessment relating to drug and alcohol abuse. In addition, the local resources can furnish schedules for local and area meetings of Alcoholics Anonymous, Narcotics Anonymous, Alanon, Adult Children of Alcoholics, Alateen, and Alatot. Both inpatient and outpatient treatment centers offer help for the entire family of alcoholic or drug user.

5. Statement of Disciplinary Sanctions

The College declares that any employee convicted of a criminal drug offense or alcohol abuse offense under the above conditions is subject to appropriate personnel action up to and including termination or satisfactory participation in a drug/alcohol rehabilitation program. The College declares that any student convicted of criminal drug offense or alcohol abuse offense under the above conditions is subject to appropriate student discipline procedures as more specifically set forth in Policy 500.3700.79, Policy 500.3800.14, Policy 500.4000.79, Policy 500.4050.07, Policy 500.4100.79, and Policy 500.4200.79 of the Manual of Policies, which may result in expulsion from school or satisfactory participation in a drug/alcohol rehabilitation program - Policy 235.0300.90 Drug Free Schools and Communities: <https://www.wncc.edu/about->

A student admitted, enrolled, or registered at WNCC accepts the responsibility to uphold all College rules and regulations. Failure to meet this obligation will justify appropriate disciplinary sanctions as set forth below. Failure to satisfactorily complete a disciplinary sanction may result in more severe sanctions. The following sanctions, or any combination thereof, may be imposed upon any student determined to have violated any conduct regulation. Additional information can be found in the Student Handbook.

Sanctions are imposed immediately upon a determination of responsibility and may be retroactive to the date of the report. Graduation, extracurricular participation, study abroad, etc. do not in and of themselves constitute an exigent circumstance and students may not be able to participate in those activities during their appeal.

The College may withhold a degree or transcript until conduct proceedings (including appeals) have ended. The College should confer the degree or release the transcript after all investigations and proceedings have ended unless the response to the violation affects the student's eligibility for the degree (for example, the student is expelled or must complete an education program prior to receiving the degree).

Written Reprimand

An official written statement to the student stating that conduct regulations have been violated. This statement will remain on file for six (6) years from the date of reprimand.

Loss of Privileges

Denial of specified privileges for a designated period of time.

Warning

A formal, written notice that the student is violating, or has violated, one or more College rules and regulations and that a continuance of the misconduct may lead to additional disciplinary action.

Restitution

An order may be issued requiring a student to make restitution when the student has engaged in conduct that includes, but is not limited to, physical harm to any person resulting in injury, damage to or destruction of College property or property of any person, the theft or misappropriation of property, or fraudulent behavior.

Restitution may be in the form of financial payment, appropriate service to the College, relocation of the student within College housing, required attendance of the student to the appropriate educational programs based on the circumstances of the case, or other special activities designated by the hearing officer.

Restriction of Privileges

The restriction of college privileges for a specified period of time. These restrictions may include, but are not limited to, the following:

- a) Denial of the privilege to live in College housing.
- b) Denial of the privilege to represent the College to anyone outside the College at any official function or in intercollegiate athletics or any forms of intercollegiate competition or representation.
- c) Denial of residence hall visitation.
- d) Denial of the use of College vehicles.
- e) Restriction of room and/or roommate choice in room assignment within College housing.

No Contact

An order of “no contact” with any individuals who are Complainants, victims, or witnesses in the student conduct process. This includes, but is not limited to, verbal, written, electronic, cellular, physical, or social contact; contact with second or third parties; or allowing others to make any contacts on the Respondent’s behalf. This can also be issued as an interim sanction prior to the completion of the disciplinary process.

Disciplinary Probation

A specified period of review and adjustment during which a student is under an official warning that one’s violation was very serious. While on disciplinary probation, a student will be considered to be “not in good standing” with the College and may face specific restrictions on one’s behavior and/or College privileges. Students involved in similar or additional disciplinary incidents while on probation may be recommended for immediate suspension or dismissal.

Eviction

Eviction from College housing without a refund if the student is currently residing in College-owned housing.

Dismissal/College Expulsion

The dismissal of a student from the College without the ability to apply for re-enrollment. A student who has been dismissed is deemed “not eligible to return” to the College.

Permanent separation of the student from WNCC without the possibility of re-admission.

Discretionary Sanctions

As needed to maintain a healthy and safe educational and work environment for students, visitors, faculty, and staff at WNCC, discretionary sanctions may include a letter of apology, restitution, no contact, counseling referral, community service, paper, behavioral agreement, alcohol and other drugs class, substance abuse assessment, random drug testing, create a program presentation, or creation of a

sign or flyer.

On-campus Housing Relocation

Moving a student from one room to another and/or from one campus residence hall to another.

On-Campus Housing Expulsion

Permanent removal of a student from any and all on-campus housing options. The student so removed may not re-enter the residence halls, under any conditions, even as a visitor.

Interim Measures (Supportive Measures)

The Office of Student Life may impose interim measures upon notification of alleged student misconduct. These interim measures do not replace the student conduct process. Interim measures may be imposed effectively immediately, without prior notice, when in the judgment of the Office of Student Life, the seriousness of alleged behavior threatens the safety and well-being of members of the College community, threatens College property, or has the potential to disrupt or interfere with normal College operations.
