- Today, February 15, high school students were invited to attend the Discover WNCC day.

Ms. Nsenga Manvuwa thanked the Board and administration for ensuring the College is a comfortable place for all students.

Faculty Report

Mr. King reported that several Applied Tech faculty members participated in the 2023 Farm and Ranch Expo at the Scotts Bluff County Fairgrounds in Mitchell on Friday and Saturday, February 3rd and 4th. Russ Pontarolo, Aaron Gayman, Frank Riley, Corey Batt and Wayne Lund engaged with prospective students and their family members. Deb Davis, Carl Roland and Doug Mader also spent time highlighting the Workforce CDL program.

The WNCC Welding shop hosted nearly 100 high school students who were participating in the FFA welding contest on Wednesday, January 11th. When participants were not welding in the shop, they were taking written tests in the Auto Tech classroom. A recruiting area was set up by applied tech faculty to highlight additional Applied Tech programs at WNCC.

Theatre and Musical Theatre majors attended the Kennedy Center American College Theatre Festival (KCACTF), January 22-28. WNCC student, Adrianna Casias, was an Irene Ryan acting scholarship semi-finalist. Students participated in workshops, performed at the monologue slam, attended numerous productions, had an opportunity to audition for schools and companies, and instructor, Ms. Violette Briggs taught an Emotional Body workshop.

Dr. Patrick Newell conducted ninety high school students of the Minuteman Activities Conference Choir held at Bayard High School on January 23rd. Varsity Vocalise, under the direction of Dr. Newell had its first performance of the semester, providing entertainment at The Residency for their annual Valentine's Day dinner.

Nebraska Community College Association

Dr. Margaret Crouse referenced a document prepared by the Nebraska Community College Association. Dr. Crouse stated that this information is important due to the fact that Legislative Bill 783 proposes eliminating the tax levy for the community colleges.

The document contains interesting information. A really important fact is that 88% of the students who completed community college coursework stayed in the state. Of additional importance is the fact that community colleges receive a limited portion of Nebraska property taxes (5.3%). The highest is school districts (59.6%) and the next highest is cities, villages, counties, and towns, (27.4%), with others at 7.7%.

Dr. Crouse stressed the importance of contacting state senators and encouraging businesses the College serves to show support of the community colleges by opposing LB783. This particular bill was introduced as the Governor's priority, so he wants this to move as quickly as possible. Defeating this bill could be an uphill climb.

Legislative Day is scheduled February 22nd and anyone who is available to show support of the community colleges and opposition to the bill, is encouraged to attend.

Dr. Crouse mentioned that she is drafting a letter and added that our state senators need to hear from as many College Board members as possible. Area businesses, ranchers, and constituents need to hear that if the bill is passed, it could damage the community colleges' ability to respond to their needs. It is important that their voice is heard as well.

Even though this comes across as tax relief, people do not realize the implications of what we are not going to have. If they want agriculture here in Scottsbluff, at our facility, this could prevent it from happening. This is a trend, what is going to happen to all the cities that levy taxes and the schools that levy taxes? Will all decisions be made in Lincoln? Will the western area of the state have a say or will the state system tell us what to do rather than being able to do it ourselves?

This bill would hurt capitalization projects and some colleges have bonds out there that they will not be able to cover. The bonded buildings will be a problem. This bill is very worrisome for the community colleges.

Western Nebraska Community College Foundation

Ms. Jennifer Reisig, Foundation Executive Director, reported that on January 26, the day after the Board approved the College strategic plan, the Foundation Board began work on their strategic plan. Following the Foundation's regular Board meeting, 3-4 hours was spent working on a draft of a mission, vision and values. Consultant, Dr. Geri Anderson was hired to assist with drafting the plan. Once the plan is completed, some of the implementation and tracking of the plan will be handed over to a local consultant, if their Board chooses to go that route. Currently, a timeline is being developed to include opportunities for external community and college community feedback.

Ms. Reisig mentioned that the Foundation will be hosting a scholarship breakfast a week from Friday at 7:30 a.m. This is an opportunity to celebrate the impact donors have had on scholarship recipients and to celebrate their successes. Invitations were mailed to home addresses.

President Comments

Interim President John Marrin reported that Admissions Director, Ms. Susan Stephenson and her staff were busy with the large group of high school juniors and seniors attending the Discover WNCC Day. This is a great way to show off WNCC. The important message is that this is a day of discovery, but also a way to help individuals go to college, even if they do not choose to attend WNCC.

In response to an inquiry regarding the Legislature and the Board's role and what the college presidents would like from their Board members, Mr. Marrin suggested that every Board member contact their senators to discuss LB783. Writing letters would be helpful along with attendance at the February 22nd Legislative Day.

On February 22nd at 8:40 a.m., in Lincoln, Interim President Marrin and Mr. Ryan Purdy, Mid-Plains Community College President will be meeting with Senators Brewer, Erdman, and Hardin. Senator Merman, who represents Mid-Plains will be present as well. Board members are invited to attend the meeting. Additionally, Mr. Marrin encouraged Board members to visit with friends or family involved with area business and farming and ranching to share the College's position.

Response tours begin February 27th. A trailer promoting construction trades will be displayed at each session. Board members are welcome to attend the meetings.

Changes have been made within the College institutional research area. New staff members, Mr. Arich Knaub, Enrollment Research Analytics Director and Mr. Justin Kumbal, Institutional Research Director will be instrumental in providing data reports. Ms. Koski mentioned that Ms. Jennifer Araujo recently moved into the position of Institutional Research Technician.

Board Member Comments

Regarding the impact of the College in the service area, three Board members commented that during recent hospital stays, many of the nurses shared that they started their education at WNCC.

Ms. Anderson shared that the Scottsbluff/Gering United Chamber of Commerce will be offering what is called "Rolls and Issues," scheduled every other week. These Zoom calls with Senator Hardin are an opportunity to share concerns and issues and stay informed on issues pertaining to our area. The first session is scheduled February 16th at 7:30 a.m. An electronic newsletter goes out every Tuesday, so please contact the Chamber to be added to the distribution list.

Chair Klemke congratulated Board member Ms. Karen Anderson on her recognition as the Nebraska Chambers Association Professional of the Year. Ms. Anderson was thanked for all she does for the Board and the community.
