INTRODUCTION

The purpose of this Report is to comply with the Drug-Free Schools and Campuses Regulation (EDGAR Part 86). Institutions of Higher Education (IHE) that receive federal funds or financial assistance are required to maintain programs that prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its campuses and at college-sponsored activities and events. To comply with this Regulation, WNCC is required to conduct Biennial Reviews of its Alcohol and Drug Policy and Prevention Program to determine their effectiveness, determine the consistency of sanction enforcement, and implement any necessary changes.

Further, the Regulations require WNCC to annually distribute the following written information to all current students and employees:

- The standards of student and employee conduct that clearly prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol
- A description of the legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol
- Statements of the health risks associated with the use of alcohol and other drugs
- A description of any drug or alcohol counseling, treatment, rehabilitation or reentry programs that are available to students or employees
- An explicit statement articulating that the institution will impose sanctions on students and employees for violations of the standards of conduct, along with a description of those sanctions which could include expulsion or termination of employment and referral for prosecution.

OVERVIEW

Western Nebraska Community College (WNCC) has three (3) campuses, with classrooms in Alliance, Scottsbluff, and Sidney. Residence Halls are located on the Scottsbluff and Sidney campuses. WNCC is committed to maintaining a healthy and safe community through its policies and procedures and through comprehensive education and intervention efforts on alcohol and other drugs.

Biennial Review Process

The institution conducts biennial reviews of its drug prevention programs to determine its effectiveness, implements necessary changes, and ensures that disciplinary sanctions are enforced through the following methods and educational strategies:

- Assessment by the Dean of Students of the College's various education programs; and
- Assessment of any documented drug treatment referrals for students and employees.

The Dean of Students conducts the biennial reviews and consults with various College offices for this review, including but not limited to Human Resources, Student Services, Residence Life, and Campus Security.

Time Frame of Review

WNCC conducts its biennial review in even-numbered years and the focus of this report is on the two preceding academic years.

Requesting Copies of the Biennial Review

Copies of the biennial review are kept in the Dean of Student's Office in Student Life and copies are available to read or download from Student Life or on the College's website.

Annual Notification Process

The Drug-Free Schools and Communities Act information is distributed in several ways:

- An e-mail is sent annually to every student and every employee with the links to the information;
- Each semester the WNCC Student Handbook is published and distributed on each campus as well as electronically available on the WNCC website;
- Drug and Alcohol information and possible sanctions are set forth in the Residence Life Manual;
- The biannual report is posted on the College website: <https://www.wncc.edu/about-wncc/campus-safety/index>
- Drug and alcohol policies are discussed during new student orientations with new and transferring students and their families. Participants also receive compliance information, such as FERPA and the Annual Security Report.

PROGRAM ELEMENTS

During the prior two (2) academic years, the following educational programs were offered at WNCC.

For Residence Life*:

- Behind Closed Doors, a situation simulation exercise
- CPR, including a module on alcohol-related health issues
- Prevention training, focused on alcohol-free programming
- Training on the current policies and how to enforce
- TIP's University training
- NARCAN Training-Emergency responsiveness for overdose of an opioid
- Drug training with the Scottsbluff Police Department at police headquarters

*Residence Life staff includes the following personnel: Residence Life Area Specialist, Resident Assistants, Student Services Coordinator, Residence Life Director, and Assistant Dean of Students. Training is comprised of over ten (10) hours of specialized focus for responsiveness to alcohol and other drug situations.

For All WNCC Students:

- College Housing Orientation – which focus on current policy and responsible citizenship;
- Driving Simulator – Education regarding impaired and distracted driving;
- Orientation with Student Athletes – Orientation (alcohol and drug policies);
- Alcohol Awareness Week;
- DOVES: Presentation on Healthy Relationships (sexual assault, domestic violence due to alcohol and other drug);
- Alcohol Free events: Week of Welcome, Residence Hall Sponsored Dances, Homecoming Week, Game nights and Campus Activities Board Sponsored events on each respective campus;

- One professional counselor on staff for intervention and education for alcohol policy offenders;
- A Behavioral Intervention Team (BIT) to review and respond to students of concern and to develop holistic strategies to support the student in crisis;
- Survey instrument issued to first-time, incoming WNCC Students to understand student attitudes regarding alcohol and other drugs (Nebraska instrument and National normed instrument (ACHA/NCHA). Survey is given before classes begin. Results of the survey are released to students in November.
- Professional social norming poster campaigns;
- State Patrol Drug and Alcohol Education Programs;
- One prevention –oriented program per semester, including Octsoberfest, sober semester, and Safe Spring Break promotions;
- Presentation on Drug abuse, Nebraska State Patrol; and
- Sidney Police Department’s presentation of an alcohol awareness program that included the use of impaired driving goggles.

PROGRAM GOALS

The goals of the WNCC Alcohol and Other Drug (AOD) Education and Prevention program are twofold:

- To educate students and staff on the appropriate use and misuse of alcohol and other drugs, their negative health effects, and local, state, and federal regulations and sanctions.
- To provide an effective prevention program for students and staff, including positive social marketing to enhance the students’ educational experience on campus.

RESTRICTIONS

The AOD prevention program limits alcohol availability through the following means:

- Alcohol is prohibited in the College’s Residence Halls

- Alcohol is prohibited on campus. All community members must follow the alcohol policy
- Alcohol sales at an off-campus event for the community must be pre-approved by the College Board

MARKETING AND PROMOTION

The marketing and promotion of alcohol on campus is limited in the following ways:

- Alcohol advertising is banned on campus
- Alcohol industry sponsorship for on- and off-campus events is banned
- No images of alcohol, e.g. mugs, kegs, or drinking behaviors, are allowed in publications
- Alcohol promotions are banned on campus

ALCOHOL AND DRUG COMPREHENSIVE PROGRAM GOALS, OBJECTIVES AND OUTCOMES FROM LAST REVIEW

An important aspect of the Drug Free Schools and Communities Act (DFSCA) is the requirement that Colleges and Universities closely examine their Alcohol and other Drugs (AOD) program on a biennial basis. WNCC strongly believes that a review that looks at the scope and effectiveness of the College's prevention program is critical to creating a comprehensive effort on campus and for complying with the federal regulations.

In the last biennial review, the College listed several recommendations to be accomplished during the biennium. The items outlined below are the recommendations along with objective updates:

- 1. Analyze and utilize the data obtained from the recently conducted Nebraska Assessment of College Health Behaviors (NACHB) Survey to help build future programming.**

The institution has begun to meet this objective by scheduling biannual meetings with the directors of the NACHB program and others who work for the University of Nebraska Lincoln Methodology and Evaluation Research Core (MERC). These meetings help educate WNCC personnel on the goals and objectives of the group and

how the research is used at other institutions to drive change and solidify programs shown to be beneficial.

Past WNCC data from this survey shows several promising results: first-time WNCC students believe that alcohol policies on campus are consistently enforced, that alcohol policies off-campus are consistently enforced, and that using two designated driver options is important. These results tell us our students are coming to campus with expectations of strong alcohol policies both on and off-campus. To help solidify these thoughts, WNCC will continue diligence with enforcing alcohol violations on campus. It is important as we hire and train new staff so everyone understands policies and procedures when dealing with drug and alcohol violations. It remains important that we continue training our residence life staff on how to properly enforce drug and alcohol policies in the residence halls. Lastly, it is imperative we continue working closely with local law enforcement. Their presence on campus for educational purposes sends a strong message of cooperation in education and enforcement. WNCC will continue to utilize law enforcement agencies yearly for educational programming for students, as well as for trainings for staff members. These training will encompass not only trends with alcohol and drug usage by community and college students, but also how law enforcement can work with residence life staff to safely and consistently enforce college policies, when needed.

Social campaigns from this organization provide support and education towards programming geared towards alternatives to social drinking and/or drinking to handle “life issues.” WNCC programming over the past two years has included educational events with local behavioral health entities to provide students with healthy alternatives in dealing with stress, depression, or lack of motivation. Students have been encouraged to engage in conversations with college and community personnel when they feel like turning to alcohol.

2. Move forward with plans to have student representation from Cougar Council and the Campus Activities Board serve on the Panhandle Prevention Committee.

The College was not successful in recruiting student representation for the Panhandle Prevention Committee; however, this is an initiative we will continue to pursue. Recruitment efforts with these two on-campus groups was met with positive communication, but students in these groups were often overwhelmed with other commitments within the institution and the community. Several students volunteered, but they were not able to commit to meeting at the established time. Beginning in the fall of 2022, the Student Engagement Specialist and the Assistant Dean of Students will begin offering the opportunity to serve as a student representative on this committee to additional student leaders on campus. The main goal is to understand

the student perspective when creating and enforcing drug and alcohol policies—students chosen from a larger pool will not affect this initiative.

3. Draft and implement detailed strategies for building a culture of awareness and understanding surrounding substance use/abuse and options available for help and support

One of the College's main initiatives in this area was to create a partnership with the local Community Action Partnership of Western Nebraska (CAPWN). The contract with this external entity will ideally include a full spectrum of health services for WNCC students. One main area will be behavioral health services for students dealing with substance abuse issues. This partnership will allow WNCC students to see mental health professionals for little to no cost, and it will also provide an additional layer of support for students in a confidential setting outside of the college.

A second area of this goal that has been met includes a solid foundation between athletics and student life. These two groups are working together to promote current WNCC alcohol and drug policies, educate students on alternative activities to drinking, and coordinate sanctions when policies are broken. Communication has increased dramatically between these two departments and the efforts are reflected in the decreased number of alcohol and drug sanctions on campus.

A third area of this goal that has been met includes WNCC's membership in the following organizations working to prevent/reduce issues with substance abuse and alcohol:

- **Monument Prevention Coalition:** a network for community partnerships working in Scotts Bluff County, Nebraska to prevent/reduce underage drinking and excessive alcohol use.
- **Nebraska Collegiate Prevention Alliance (NECPA):** WNCC works collaboratively with the NECPA and the 23 other post-secondary member schools to develop strategies for reducing and preventing high-risk drinking and substance use among Nebraska college students.
- **Nebraska Collegiate Consortium to Reduce High-Risk Drinking (NCC):** a group related to the NECPA above, the NCC is funded by the Nebraska Department of Motor Vehicles Office of Highway Safety with the goal of achieving significant reduction in high-risk drinking and associated harms, such as driving after drinking, among college and university students.

ANALYSIS OF WNCC'S DRUG AND ALCOHOL ABUSE PREVENTION PROGRAMS

REVIEW OF TRENDS / DATA DURING REVIEW PERIOD

Available trend data is based on a review of campus statistical information charting violations of the College's drug and alcohol policies (disciplinary referrals and/or arrests) during the biennium.

Western Nebraska Community College utilizes Maxient as its Conduct Management System (CMS) which serves as a repository for all reported violations of the College alcohol and drugs policies. The information utilized for the Biennium Report reflects the data reported in the 2022 Annual Campus Security and Fire Report.

	Alcohol	Drugs
2019	10	7
2020	7	13
2021	7	1

Information in chart represents total reported number of violations in accordance to federal regulations.*

In review of the data on alcohol and drug violations, the data shows a continual decline. While there are numerous variables that could contribute to this decline, the College does have data to show an increase in student engagement with College activities in the last two years. The College continues to emphasize nightly and weekend activities to create stronger living learning communities. Drug and alcohol programming remain a consistent focus in the halls, and the hall staff, along with the Assistant Dean of Students, are required to host prevention programming each semester.

The College continues to work with local and state entities for drug and alcohol information and programming. Staff will continue to provide informative publications to students and aid students who request help for their chemical dependency. The college has also renewed its membership for the Judicial Educator program. The College will continue to require students in violation of the College alcohol or drug policy to complete the Judicial Educator program, wherein they have to complete modules focused on alcohol or drug use and abuse.

STRENGTHS AND WEAKNESSES

Strengths:

- Small campuses which allow WNCC personnel to intervene quickly if the need arises.
- The WNCC Counseling Center offers individual counseling as well as substance abuse, evaluation, education.
- Availability of an Employee Assistance Program (EAP)
- Development of partnerships with external individuals and organizations in communities where our three campuses are housed.
- Utilizing the Assistant Dean of Students position to assist the Dean of Students with student conduct matters including violations related to alcohol and drugs.
- An Institutional Effectiveness Director to help facilitate the compilation of necessary information and data.
- Number of free educational awareness opportunities made available to campus and external community.
- Membership in local and national organizations to assist the College in its drug and alcohol education and prevention efforts.
- Participation in the Nebraska Assessment of College Health Behaviors Survey beginning in 2020, with additional opportunity for new students in the spring to also complete the survey.

Weaknesses:

- Remaining consistent with pushing out the alcohol and drug survey tools, as well as utilizing the data to drive programming related to the holes that are seen in the survey results.
- Meeting the students where they are in terms of trends with drug and alcohol use. The College needs to do a better job changing programming to address current trends in this area for both students living in the halls and commuter students.

COMPLIANCE (PROCEDURES FOR DISTRIBUTING ANNUAL AOD NOTIFICATIONS)

Western Nebraska Community College complies with the Drug-Free Schools and Campuses Regulations through the following means:

- The College has affirmed in Board policy (Drug Free Schools and Communities, Policy Number 235.0300.90) its responsibility and commitment to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by student and employees on its property or as part of any of its activities and to comply with the Drug Free School and Communities Act. The current board policy can be [found here](#).
- The College maintains a copy of its Alcohol and Drug Abuse Policy. It can be found in the Annual Security Report, The Student Handbook, The Residence Life Handbook, and on the College's website.
- The College provides its employees and students annually with written and online materials that adequately describe:
 - Standards of conduct that prohibit unlawful possession, use, or distribution of illicit drugs and alcohol on its property or as part of its activities;
 - A description of the health risks associated with the use of illicit drugs and the abuse of alcohol;
 - A description of applicable legal sanctions under state, local, and federal law;
 - A description of applicable counseling, treatment, or rehabilitation programs; and
 - A clear statement of the disciplinary sanctions the institution will impose on students and employees.

ALCOHOL AND OTHER DRUG INFORMATION

Standard of Conduct/Disciplinary Sanctions

Western Nebraska Community College's standards of conduct clearly prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its officially recognized activities.

College policy prohibits the use, possession, or sale of alcoholic beverages in any form on College property, whether leased or owned, and on the specific premises of College sponsored or supervised off-campus functions, unless specifically approved by the Board of Governors in advance. The approval and authorization for the use, possession or sale of alcoholic beverages in any form on College property, within College facilities or at College sponsored or supervised off-campus functions is further conditioned upon the requirement that any use, possession or sale of alcoholic beverages be in complete conformity with the requirements of law.

The laws of local, state, and federal authorities pertaining to the possession and use of illicit drugs and alcoholic beverages on public property shall be followed. Specifically, this means that is a violation of the drug and alcohol policy for students or employees to purchase, manufacture, possess, consume, or sell such items on campus.

STUDENT CODE OF CONDUCT

As an educational institution of higher education, WNCN seeks to provide the best educational environment for its students, faculty, and staff. The purpose of the Student Code of Conduct is to help ensure a safe and educationally productive environment for students, employees and visitors. Conduct that adversely affects a student's responsible membership in the academic community shall result in appropriate disciplinary action.

The College sets forth a clear policy regarding alcohol and other drugs and indicates the following are forms of Non-Academic Misconduct that can subject students to discipline:

Alcohol - College policy prohibits the use, possession, or sale of alcoholic beverages on College property, whether leased or owned, and on the specific premises of College sponsored or supervised off-campus functions, unless specifically approved by the Board of Governors in advance and in full compliance with all applicable laws.

Drugs - College policy prohibits the consumption, possession or sale of controlled substances and/or the presence of persons under the influence of controlled substances on College property, whether leased or owned, and on the specific premises of College sponsored or supervised off-campus functions. Conduct covered by this offense includes but is not limited to:

- a. Manufacture, distribution, sale, offer for sale, possession, or use of any illegal drug or narcotic, including but not limited to barbiturates, hallucinogens, amphetamines, cocaine, opium, heroin, or marijuana;
- b. Misuse or abuse of legal drugs or narcotics;
- c. Possession of a device (drug paraphernalia) that has been used to ingest an illegal drug or narcotic.

More information, including the complete text of the code, can be found in the [Student Handbook](#).

Student or employee violations of the standards as stated in the above paragraph shall result in any one or a combination of the following disciplinary sanctions:

- Warning
- Disciplinary probation
- Suspension – up to and including expulsion or termination of employment
- Referral to an appropriate drug/alcohol education or treatment program
- Any other action considered necessary by college officials

Definitions and accompanying procedures of these sanctions pertaining to students can be found in the Student Handbook. Policies and procedures of these sanctions pertaining to employees are included in the Board of Governors Policy Manual. Students' rights shall be protected in accordance with due process:

Students' accused of violating the drug/alcohol policy as established shall have the right to:

1. A hearing before the appropriate campus official or judicial board, and
2. access to an appeal as defined within the college policies and procedures.

EMPLOYEE DRUG/ALCOHOL POLICY

The College has affirmed in Board policy ([Drug-Free Workplace, BP-710](#)) its responsibility and commitment to maintain a drug-free workplace strictly according to the terms and conditions of the Drug-Free Workplace Act of 1988. The College has further set out its methods of implementing these terms in conditions in President's Procedures ([Implementation of Drug-Free Workplace, PP-710](#)).

The college prohibits the unlawful manufacture, distribution, dispensation, possession, or use of controlled substances on College property or while conducting College business off-premises. Any employee convicted of a criminal drug offense under the above conditions is subject to appropriate personnel action up to and including termination or satisfactory participation in a drug rehabilitation program.

Employee Assistance Program (EAP)

The College has also established an Employee Assistance Program (Connections) to assist faculty, staff, and their families. The Connections EAP program includes assistance for alcohol and substance abuse issues and can be accessed by contacting a 24-hour toll free hotline at 1-800-779-6125. Employees may contact Human Resources for additional information.

COUNSELING, TREATMENT, AND REHABILITATION

There are numerous drug and alcohol counseling, treatment, and rehabilitation options located within the 12-½ county area served by Western Nebraska Community College. The following listing groups these centers in the following categories: information and referral offices, outpatient services and inpatient facilities. This is a partial list and inclusion of an organization does not imply endorsement nor does omission imply disapproval:

LEGAL SANCTIONS

OFFENSES RELATED TO ILLEGAL DRUGS

Selected Nebraska Drug Offenses & Penalties

The regulation of most drugs, also called controlled substances, is set out in the Uniform Controlled Substances Act ([Neb. Rev. Stat. § 28-401 et seq.](#)). In addition, there are other Nebraska State laws which establish penalties for various drug related offenses which are summarized below.

Controlled Substance Analogue: Nebraska's Uniform Controlled Substances Act treats controlled substance analogues the same as controlled substances. These drugs, also known as synthetic or designer drugs, are defined under the Act as a substance whose chemical structure is substantial similar to the chemical structure of a controlled substance or which have a stimulant, depressant, analgesic or hallucinogenic effect on the central nervous system that is substantially similar to or greater than the effect of a controlled substance.

[Neb. Rev. Stat. § 28-401\(31\)\(a\).](#)

Crimes Involving Minors: Any person eighteen years of age or older who knowingly or intentionally manufactures, distributes, delivers, dispenses, or possesses with intent to manufacture, distribute, deliver, or dispense a controlled substance or a counterfeit controlled substance (i) to a person under the age of eighteen years, (ii) in, on, or within one thousand feet of the real property comprising a public or private elementary, vocational, or secondary school, a

community college, a public or private college, junior college, or university, or a playground, or (iii) within one hundred feet of a public or private youth center, public swimming pool, or video arcade facility shall be punished by the next higher penalty classification. The Act also provides for an enhanced penalty for any person eighteen years of age or older to knowingly and intentionally employ, hire, use, cause, persuade, coax, induce, entice, seduce, or coerce any person under the age of eighteen years to manufacture, transport, distribute, carry, deliver, dispense, prepare for delivery, offer for delivery, or possess with intent to do the same a controlled substance or a counterfeit controlled substance. Neb. Rev. Stat. § 28-416(4)(a) and 5(a). The Act also provides that if the person convicted of violating this section is eighteen years of age or younger, the court may as part of the conviction impound their motor vehicle licenses or permits and require such person to attend a drug education class. Neb. Rev. Stat. § 28-416(19).

Conditions of Probation: Any person convicted under the Uniform Controlled Substances Act and placed on probation shall, as a condition of probation, attend and complete appropriate treatment and counseling on drug abuse. Neb. Rev. Stat. § 28-416(14).

Being Under the Influence of Any Controlled Substance for Unauthorized Purpose: It is a violation of Nebraska law to be under the influence of any controlled substance for a purpose other than the treatment of a sickness or injury as prescribed or administered by a practitioner. In a prosecution under this subdivision, it shall not be necessary for the state to prove that the accused was under the influence of any specific controlled substance, but it shall be sufficient for a conviction under this subdivision for the state to prove that the accused was under the influence of some controlled substance by proving that the accused did manifest physical and physiological symptoms or reactions caused by the use of any controlled substance. Neb. Rev. Stat. § 28-417(1) (g).

Property Forfeiture: Property used to manufacture, sell or deliver controlled substances can be seized and forfeited to the state. Property subject to forfeiture may include money, materials, productions and equipment and any aircraft, vehicles or vessels used or intended for use in transporting any controlled substance in violations of Nebraska law. Neb. Rev. Stat. § 28-431.

Drug Paraphernalia Offenses: It is a violation of Nebraska law for any person to use, or to possess with intent to use, drug paraphernalia to manufacture, inject, ingest, inhale or otherwise introduce into the human body a controlled substance. Neb. Rev. Stat. § 28-441(1). “Drug paraphernalia” shall mean all equipment, products, and materials of any kind which are used, intended for use, or designed for use, in manufacturing, injecting, ingesting, inhaling, or otherwise introducing into the human body a controlled substance in violation of specified Nebraska statutes or the Uniform Controlled Substances Act. Neb. Rev. Stat. § 28-439. It shall be unlawful for any person to deliver, possess with intent to deliver, or manufacture with intent to deliver, drug paraphernalia, knowing, or under circumstances in which one reasonably should know, that it will be used to manufacture, inject, ingest, or inhale or otherwise be used to introduce into the human body a controlled substance. Neb. Rev. Stat. § 28-442. It is a violation of Nebraska law for a person 18 years of age or older to deliver drug paraphernalia to a person under eighteen years of age who is at least three years his or her junior. Neb. Rev. Stat. § 28-443.

It is a violation of Nebraska law for any person to advertise or promote the sale of objects designed or intended for use as drug paraphernalia. Neb. Rev. Stat. § 28-444.

A violation of Neb. Rev. Stat. § 28-441 is punishable by a fine of not more than \$100 for first offense, not less than \$100 and not more than \$300 for second offense, and not less than \$200 and not more than \$500 on third or subsequent conviction. Neb. Rev. Stat. §§ 28-441 and 29-436. The penalty for violation of Neb. Rev. Stat. § 28-442 is not more than six months imprisonment or \$1,000 fine or both. Neb. Rev. Stat. § 28-442. The penalty for violation of Neb. Rev. Stat. § 28-443 is a Class I misdemeanor; imprisonment for not more than one year, or \$1,000 fine, or both. Neb. Rev. Stat. § 28-443. The penalty for any person who violates Neb. Rev. Stat. § 28-444 is a Class III misdemeanor.

Imitation Controlled Substances: It is a violation of Nebraska law to knowingly and intentionally manufacture, distribute, deliver or possess with intent to distribute or deliver an imitation controlled substance. "Imitation controlled substance" is a substance which is not a controlled substance but which is represented to be an illicit controlled substance. Neb. Rev. Stat.

§ 28-445. First offense violations of this law are punishable by a three-month imprisonment, or \$500 fine, or both. A second offense violation of this statute is punishable by not more than six months imprisonment, or \$1,000 fine, or both. Neb. Rev. Stat. § 28-445.

Tax penalties and consequences of conviction:

Anyone who possesses or sells controlled substances or imitation controlled substances must pay the appropriate taxes to the Nebraska Department of Revenue and have the stamps attached to the controlled substances. Marijuana and controlled substances are taxed at the following rates:

- Illegal marijuana is taxed at \$100 on each ounce or each portion of an ounce. Neb. Rev. Stat. § 77-4303(1)(a).
- Any controlled substance that is customarily sold by weight or volume is taxed at \$150 for each gram or portion of a gram. Neb. Rev. Stat. § 77-4303(1)(b).
- Any controlled substance that is not sold by weight is taxed at \$500 for each fifty dosage units or portion thereof. Neb. Rev. Stat. § 77-4303(1)(c).

Failure to have the proper tax stamps attached to the controlled substance is a Class IV felony, with a criminal penalty of up to two years imprisonment and twelve months post-release supervision or a \$10,000 fine or both. If imprisonment is imposed, there will be a minimum of a 9-month post- release supervision. Neb. Rev. Stat. § 28-105(1); Neb. Rev. Stat. § 77-4309.

OFFENSES RELATED TO ALCOHOL

Selected Nebraska Alcohol Offenses

Procuring Alcohol: It is a violation of Nebraska law to sell, furnish, give away, exchange, or deliver, or permit the sale, gift or procuring of any alcoholic liquors to or for any minor or to any person who is mentally incompetent. Neb. Rev. Stat. § 53-180. Violation of this law is punishable by not more than 1-year imprisonment, or \$1,000 fine, or both. Neb. Rev. Stat. § 53-180.05 (1) and § 28-106 (1). Any person who knowingly and intentionally violates this provision and the acts resulted in serious bodily injury or death to any person shall be guilty of a Class IIIA felony and serve a mandatory minimum of at least 30 days imprisonment as part of any sentence. Neb. Rev. Stat. § 53-180.05 (2) and § 28-105.

Minor in Possession: No minor may sell, dispense, consume, or have in his or her possession or physical control any alcoholic liquor. Neb. Rev. Stat. § 53-180.02. Violation of this law is punishable by a three-month imprisonment, or \$500 fine, or both. Neb. Rev. Stat. § 53-180.05 (1) and § 28-106 (1).

Consumption on Public Property: It shall be unlawful for any person to consume alcoholic liquor upon property owned or controlled by the state or any governmental subdivision thereof unless authorized by the governing bodies having jurisdiction over such property. Neb. Rev. Stat. § 53-186.

A violation of this statute is punishable as follows: (1) For the first offense be fined not more than one hundred dollars; (2) upon a second conviction for the same infraction within a two-year period be fined not less than one hundred dollars and not more than three hundred dollars; and (3) upon a third or subsequent conviction for the same infraction within a two-year period be fined not less than two hundred dollars and not more than five hundred dollars. Neb. Rev. Stat. § 29-436.

Driving Under Influence: Driving while under the influence of intoxicating liquors or drugs is a violation of Nebraska law. Pursuant to Neb. Rev. Stat. § 60-6,196:

- (1) It shall be unlawful for any person to operate or be in the actual physical control of any motor vehicle:
 - a) While under the influence of alcoholic liquor or of any drug;
 - b) When such person has a concentration of eight-hundredths of one gram or more by weight of alcohol per one hundred milliliters of his or her blood; or
 - c) When such person has a concentration of eight-hundredths of one gram or more by weight of alcohol per two hundred ten liters of his or her breath.
- (2) Any person who operates or is in the actual physical control of any motor vehicle while in a condition described in subsection (1) of this section shall be guilty of a crime and upon conviction punished as provided in sections 60-6,197.02 to 60-6,197.08.

A violation of this statute is punishable as follows (Neb. Rev. Stat. § 60-6,197.03):

(1) Except as provided in subdivision (2) of this section, if such person has not had a prior conviction, such person shall be guilty of a Class W misdemeanor, and the court shall, as part of the judgment of conviction, order that the operator's license of such person be revoked for a period of six months from the date ordered by the court. The revocation order shall require that the person apply for an ignition interlock permit pursuant to section 60-6,211.05 for the revocation period and have an ignition interlock device installed on any motor vehicle he or she operates during the revocation period. Such revocation shall be administered upon sentencing, upon final judgment of any appeal or review, or upon the date that any probation is revoked.

If the court places such person on probation or suspends the sentence for any reason, the court shall, as one of the conditions of probation or sentence suspension, order that the operator's license of such person be revoked for a period of sixty days from the date ordered by the court. The court shall order that during the period of revocation the person apply for an ignition interlock permit pursuant to section 60-6,211.05. Such order of probation or sentence suspension shall also include, as one of its conditions, the payment of a five-hundred-dollar fine;

(2) If such person has not had a prior conviction and, as part of the current violation, had a concentration of fifteen-hundredths of one gram or more by weight of alcohol per one hundred milliliters of his or her blood or fifteen-hundredths of one gram or more by weight of alcohol per two hundred ten liters of his or her breath, such person shall be guilty of a Class W misdemeanor, and the court shall, as part of the judgment of conviction, revoke the operator's license of such person for a period of one year from the date ordered by the court. The revocation order shall require that the person apply for an ignition interlock permit pursuant to subdivision (1)(b) of section 60-6,197.01 for the revocation period and have an ignition interlock device installed on any motor vehicle he or she operates during the revocation period. Such revocation shall be administered upon sentencing, upon final judgment of any appeal or review, or upon the date that any probation is revoked.

If the court places such person on probation or suspends the sentence for any reason, the court shall, as one of the conditions of probation or sentence suspension, order that the operator's license of such person be revoked for a period of one year from the date ordered by the court. The revocation order shall require that the person apply for an ignition interlock permit pursuant to subdivision (1)(b) of section 60-6,197.01 for the revocation period and have an ignition interlock device installed on any motor vehicle he or she operates during the revocation period. Such revocation shall be administered upon sentencing, upon final judgment of any appeal or review, or upon the date that any probation is revoked. Such order of probation or sentence suspension shall also include, as conditions, the payment of a five-hundred-dollar fine and either confinement in the city or county jail for two days or the imposition of not less than one hundred twenty hours of community service.

Neb. Rev. Stat. § 60-6,197.03 (Reissue 2021).

Increased penalties provided for subsequent offenses and for higher concentration of alcohol:

Second Conviction: Penalties for a second conviction include a \$500 fine and a maximum of a 6-month imprisonment, with no less than a mandatory 30-day imprisonment. As part of the judgment of conviction, the offender's operator's license is revoked for 18-months. If an offender is placed on probation or the sentence is suspended, a mandatory condition is that the offender must not drive any motor vehicle for any purpose for a period of 18-months. In addition, the probation order shall include as one of its conditions the payment of a \$500 fine and confinement in the city or county jail for 10-days or the imposition of not less than 240-hours of community service.

Neb. Rev. Stat. § 60-6,197.03(3) (Reissue 2021) and § 28-106(1) (Reissue 2016).

Third Conviction: Penalties for a third conviction include a \$1,000 fine and a maximum of a 1-year imprisonment, with a minimum 90-day imprisonment, and an order of license revocation for 15-years. If an offender is placed on probation, or the sentence is suspended, a mandatory condition is that the offender's operator's license shall be revoked for a period of at least 2-years but not more than 15-years. In addition, the probation order shall include the payment of a \$1,000 fine and as one of its conditions confinement in the city or county jail for 30-days.

Neb. Rev. Stat. § 28-106(1) and Neb. Rev. Stat. § 60-6,197.03(4).

Fourth and subsequent convictions: A fourth and subsequent convictions will result in up to a 3-year imprisonment and 18-months post-release supervision (with a minimum of 9-month post-release supervision if imprisonment is imposed) or a \$10,000 fine, or both, and are a Class IIIA felony conviction. Offenders in this class of enhanced convictions will have their licenses revoked for a period of 15-years and the offender must spend at least 180-days imprisoned in a city or county jail or an adult correctional facility. Probation or suspension of sentence must be conditioned so that the offender's license is revoked for a period of 15-years. The probation order shall also include as one of its conditions a \$2,000 fine and confinement in the city or county jail for 90-days with required use of a continuous alcohol monitoring device and abstinence from alcohol use for no less than 90-days after release.

Neb. Rev. Stat. § 60-6,197.03(7) and Neb. Rev. Stat. § 28-105(1).

Higher Alcohol Concentration: Persons with a higher concentration of alcohol, fifteen-hundredths (.15) of 1 gram or more by weight of alcohol per 100 milliliters of blood or per 210 liters of breath on a first conviction and subsequent conviction, are subject to even stiffer penalties. Where a person has three prior convictions and then has another conviction involving this higher alcohol concentration, he or she shall be guilty of a Class IIA felony, punishable by up to 20-years in prison.

Neb. Rev. Stat. § 60-6,197.03 and Neb. Rev. Stat. § 28-105.

Local laws may also make it a crime to operate a motor vehicle under the influence of alcohol or to commit certain acts involving the consumption or possession of alcohol, e.g. "sale to minors" and "open container" laws.

Alliance, Nebraska Code of Ordinances

Federal criminal penalties for various drug and drug related offenses and federal trafficking penalties for marijuana are listed on pages 36 and 37 of the 2020 edition of [Drugs of Abuse / A DEA Resource Guide](#).

POLICY DEVELOPMENT AND ENFORCEMENT

AOD policies are developed and enforced on- and off-campus through the following means:

- DUI laws are enforced on and off campus by appropriate law enforcement agencies;
- Disciplinary sanctions for violations of campus AOD policies are enforced;
- All coaches are notified when a student athlete is written up for an alcohol/drug violation(s) in the College Housing or off campus within the community;
- Students who receive citations off campus for underage drinking or distribution of alcohol to minors are held accountable through the campus student conduct process; and
- The Office of the Dean of Students regularly communicates with local law enforcement and community members regarding off-campus incidents and concerns about students' behavior and safety.

RECOMMENDATIONS FOR NEXT BIENNIUM

The majority of the staff in the Student life department are new hires who started at the beginning of the fall 2022 semester. For this reason, the College will be focusing on not only programming for students over AOD related issues, but also training for new and current staff. The College's main goals for the next reporting term include the following items:

1. Sponsor a larger "Drug-Symposium" for college and community entities. College employees will work with outside entities to bring a speaker(s) to the community to highlight areas of concern in the region and train people on how to deal with the changing alcohol and drug environment.
2. Consistently open and promote the Nebraska Assessment of College Health Behaviors (NACHB) survey to all incoming students every fall and spring, including online students, to increase participation each year.
3. Work with Scottsbluff Police Department to conduct training each fall for Student Life and Residential staff on trends in alcohol and drug use.
4. Create a drug/alcohol programming schedule that is standardized at all three campuses.

CONCLUSION

WNCC is committed to training staff and students about the risks associated with alcohol and drug use. At the same time, the College is committed, either on campus or with community resources, to aiding those who have a substance abuse issue. The look and feel of the campus community is changing, and the College must be prepared to handle issues and educate students on healthy ways to handle stress, have fun, and engage with others. Students' expectations of the college environment are different coming out of COVID. Students need a variety of platforms to engage with others, but they also need to learn how to engage with others. The College will continue to invest time and resources on holistic programming to help develop the whole student and educate them the the risks associated with alcohol and drug use.

The College must also work to educate students on state laws; the laws of the state of Nebraska and the policies of WNCC prohibit the use, possession, consumption, sale, distribution, and unlawful manufacture of illegal drugs, narcotics or controlled substances. However, groups within the state and neighboring states are pushing for currently controlled substances to become legalized. This will ultimately impact how the College focuses resources on programming, education, and support.

WNCC finds value in the state resources providing standard surveys and response to Nebraska colleges. Working more closely with these entities in the future will allow the College to be more pro-active with alcohol and drug programming. WNCC students are more open in discussions regarding their usage of alcohol and drugs. The College will continue to work with the data received from the state and students to form programming for today's college student.
