## INTRODUCTION

---

The purpose of this Report is to comply with the Drug-Free Schools and Communities Act and its implementing regulations. Institutions of Higher Education (IHE) that receive federal funds or financial assistance are required to maintain programs that prevent the unlawful possession, use, or distribution of illicit drugs and alcohol by students and employees on its campuses and at college-sponsored activities and events. To comply with this Regulation, WNCC is required to conduct Biennial Reviews of its Alcohol and Drug Policy and Prevention Program to determine their effectiveness, determine the consistency of sanction enforcement, and implement any necessary changes.

Further, the Regulations require WNCC to annually distribute the following written information to all current students and employees:

- The standards of student and employee conduct that clearly prohibit the unlawful possession, use, or distribution of illicit drugs and alcohol
- A description of the legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol
- Statements of the health risks associated with the use of alcohol and other drugs
- A description of any drug or alcohol counseling, treatment, rehabilitation or reentry programs that are available to students or employees
- An explicit statement articulating that the institution will impose sanctions on students and employees for violations of the standards of conduct, along with a description of those sanctions which could include expulsion or termination of employment and referral for prosecution.

---

## OVERVIEW

---

Western Nebraska Community College (WNCC) has three (3) campuses, with classrooms in Alliance, Scottsbluff, and Sidney. Residence Halls are located on the Scottsbluff and Sidney campuses. WNCC is committed to maintaining a healthy and safe community through its policies and procedures and through comprehensive education and intervention efforts on alcohol and other drugs.

### **Biennial Review Process**

The institution conducts biennial reviews of its drug prevention programs to determine its effectiveness, implements necessary changes, and ensures that disciplinary sanctions are enforced through the following methods and educational strategies:

- Assessment by the Dean of Students of the College's various education programs; and
- Assessment of any documented drug treatment referrals for students and employees.

The Dean of Students conducts the biennial reviews and consults with various College offices for this review, including but not limited to Human Resources, Student Services, Residence Life, and Campus Security.

### **Time Frame of Review**

WNCC conducts its biennial review in even-numbered years and the focus of this report is on the two preceding academic years.

### **Requesting Copies of the Biennial Review**

Copies of the biennial review are kept in the Dean of Student's Office in Student Life and copies are available to read or download from Student Life or on the College's website.

### **Annual Notification Process**

The Drug-Free Schools and Communities Act information is distributed in several ways:

- An e-mail is sent annually to every student and every employee with the links to the information;
- Each semester the WNCC Student Handbook is published and distributed on each campus as well as electronically available on the WNCC website;
- Drug and Alcohol information and possible sanctions are set forth in the Residence Life Manual;
- The biannual report is posted on the College website: <https://www.wncc.edu/about-wncc/campus-safety/index>
- Drug and alcohol policies are discussed during new student orientations with new and transferring students and their families. Participants also receive compliance information, such as FERPA and the Annual Security Report.

---

## **PROGRAM ELEMENTS**

---

During the prior two (2) academic years, the following educational programs were offered at WNCC.

### **For Residence Life\*:**

- Behind Closed Doors, a situation simulation exercise
- CPR, including a module on alcohol-related health issues
- Prevention training, focused on alcohol-free programming
- Training on the current policies and how to enforce
- NARCAN Training-Emergency responsiveness for overdose of an opioid
- Drug training with the Scottsbluff Police Department at police headquarters

\*Residence Life staff includes professional and student staff. Training is comprised of over ten (10) hours of specialized focus for responsiveness to alcohol and other drug situations.

### **For All WNCC Students:**

- College Housing Orientation – which focus on current policy and responsible citizenship;
- Alcohol Awareness Week;
- DOVES: Presentation on Healthy Relationships (sexual assault, domestic violence due to alcohol and other drug);
- Alcohol Free events: Week of Welcome, Residence Hall Sponsored Dances, Homecoming Week, Game Nights and Student Organization Sponsored events on each respective campus;
- One professional counselor on staff for intervention and education for alcohol policy offenders;
- A Campus Assessment, Response, and Evaluation (CARE) Team to review and respond to students of concern and to develop holistic strategies to support the student in crisis;

- Survey instrument issued to first-time, incoming WNCC Students to understand student attitudes regarding alcohol and other drugs from the Nebraska Collegiate Prevention Alliance. Survey is given before classes begin. Results of the survey are released to students in November;
- Survey instrument issued to all students to assess college health behaviors from the Nebraska Collegiate Prevention Alliance. The survey is given in spring semester. Results of the survey are released in the following summer;
- State Patrol Drug and Alcohol Education Programs;
- One prevention –oriented program per semester, including Sober in October and Health Week;
- Online modules for various topics related to drugs, alcohol, community living, and more via the Judicial Educator program through Association of College and University Housing Officers;
- Sidney Police Department’s presentation of an alcohol awareness program that included the use of impaired driving goggles.

---

## **PROGRAM GOALS**

---

The goals of the WNCC Alcohol and Other Drug (AOD) Education and Prevention program are twofold:

- To educate students and staff on the appropriate use and misuse of alcohol and other drugs, their negative health effects, and local, state, and federal regulations and sanctions.
- To provide an effective prevention program for students and staff, including positive social marketing to enhance the students’ educational experience on campus.

---

## **RESTRICTIONS**

---

The AOD prevention program limits alcohol availability through the following means:

- Alcohol is prohibited in the College’s Residence Halls

- Alcohol is prohibited on all campuses. All community members must follow the alcohol policy
- Alcohol sales at an off-campus event for the community must be pre-approved by the College Board

---

## **MARKETING AND PROMOTION**

---

The marketing and promotion of alcohol on campus is limited in the following ways:

- Alcohol advertising is banned on campus
- Alcohol industry sponsorship for on- and off-campus events is banned
- No images of alcohol, e.g. mugs, kegs, or drinking behaviors, are allowed in publications
- Alcohol promotions are banned on campus

---

## **ALCOHOL AND DRUG COMPREHENSIVE PROGRAM GOALS, OBJECTIVES AND OUTCOMES FROM LAST REVIEW**

---

An important aspect of the Drug Free Schools and Communities Act (DFSCA) is the requirement that Colleges and Universities closely examine their Alcohol and other Drugs (AOD) program on a biennial basis. WNCC strongly believes that a review that looks at the scope and effectiveness of the College's prevention program is critical to creating a comprehensive effort on campus and for complying with the federal regulations.

In the last biennial review, the College listed several recommendations to be accomplished during the biennium. The items outlined below are the recommendations along with objective updates:

The majority of the staff in the Student Life Department were new hires who started during the 2022-2023 academic year. For this reason, the College was focused on programming for students over AOD related issues and training for new and current staff. In the previous biennial report, the following were outlined as goals with parts accomplished during the 2021-2022 and 2022-2023 academic years:

1. Sponsor a larger "Drug-Symposium" for college and community entities. College employees will work with outside entities to bring a speaker(s) to the community to highlight areas of concern in the region and train people on how to deal with the

changing alcohol and drug environment.

- This was not accomplished during the reporting time period as the College focused on broader AOD focused events. For example, WNCC did provide the following events:
    - Oct-Sober Fest for Alcohol Awareness
    - Great American Smoke Out
    - Health Fair
2. Consistently open and promote the Nebraska Assessment of College Health Behaviors (NACHB) survey to all incoming students every fall and spring, including online students, to increase participation each year.
- WNCC did fully implement and administer the NACHB survey during 2022. This is in partnership with the Nebraska Collegiate Prevention Alliance. The survey was administered during 2020, as well, giving WNCC comparative data. WNCC will continue to utilize this survey and has implemented it during 2024.
  - The 2022 NACHB survey showed that 62% of WNCC students self-reported that they consumed alcohol within the past year. A majority of those students, 77%, reported they did not engage in binge drinking behaviors. Student drinkers reported drinking an average of four times per month. 22% of WNCC students reported using marijuana at least once in the last year. 15% of students reported smoking cigarettes, 19% reported using e-cigarettes, and nearly all student reported not using drugs in the past year (not including marijuana). Students reported having stress in their lives with academics, future plans, and financial concerns being the most common contributing factors. For coping methods, drugs, alcohol, and tobacco were listed as the least common methods with music, sleep, and tv/movies being the top.
  - For future years, Student Life will be presenting the findings from surveys such as the NACHB and Year One College Behavior Profile to students at New Student Orientation. This will help students see the similarities and differences between their perceptions and reality of their peers' behavior and choices.
  - The information collected from the survey will also inform our programmatic efforts, particularly related to our large-scale programs such as Oct-Sober Fest and Health Week. The areas of concern identified in the survey will drive some of our main focuses in these efforts.
3. Work with Scottsbluff Police Department to conduct training each fall for Student Life and Residential staff on trends in alcohol and drug use.
- Scottsbluff Police Department partnered with WNCC to provide “drunk-goggles” for our alcohol awareness events. They lead the activity for students.

- Residence Life goes to the police department each fall for training of Residence Assistants.
  - The State Patrol has also come to campus to provide expertise on various programs.
4. Create a drug/alcohol programming schedule that is standardized at all three campuses.
- While this was not fully implemented, WNCC did provide various programs and awareness weeks and campaigns around AOD topics. These programs included: Oct-Sober Fest, Health Week Fair, Coffee with a Cop. Oct-Sober included actively engaging activities such as utilizing “drunk goggles” while completing an obstacle course on a large tricycle. Student Life also hosted a trivia game event about the effect of alcohol and drugs. On the Sidney and Alliance campuses, a State Trooper came to campus to host a presentation on drugs and alcohol and trained attendees how to assist someone who may be under the influence.

## **ANALYSIS OF WNCC’S DRUG AND ALCOHOL ABUSE PREVENTION PROGRAMS**

---

### **REVIEW OF TRENDS / DATA DURING REVIEW PERIOD**

---

Available trend data is based on a review of campus statistical information charting violations of the College’s drug and alcohol policies (disciplinary referrals and/or arrests) during the biennium.

Western Nebraska Community College utilizes Maxient as its Conduct Management System (CMS) which serves as a repository for all reported violations of the College alcohol and drugs policies. The information utilized for the Biennium Report reflects the data reported in the 2023 Annual Campus Security and Fire Report.

	<b>Alcohol</b>	<b>Drugs</b>
<b>2021</b>	9	27
<b>2022</b>	10	5
<b>2023</b>	54	1

Information in chart represents total reported number of violations in accordance to federal regulations and Clery Act reporting.\*

In review of the data on alcohol and drug violations, the data shows a large jump in alcohol from 2022 to 2023. This is largely due to one incident involving a large number of people.

Drug incidents seem to be trending down over time. With a stable staff in place, the College aims to provide alcohol-free events during times of high alcohol use. Student Life as a whole will be providing educational engagement opportunities about alcohol and drug use. We will be partnering with local resources including Panhandle Public Health District and Monument Prevention.

The College continues to work with local and state entities for drug and alcohol information and programming. Staff will continue to provide informative publications to students and aid students who request help for their chemical dependency. The college has also renewed its membership for the Judicial Educator program, which has been updated recently. The Judicial Educator program consists of online modules that span across multiple topics including drugs, alcohol, community living, smoking, bystander education, and more. The modules are hosted online and students assigned a module are required to complete the course and show proficiency in the topic in order to pass. All completion information is stored in the institution's online account via <https://learn.reslife.net/>. The College will also be utilizing a series of educational videos provided by the Panhandle Public Health District as a basis for educational programming and seminars on AOD topics. The College will continue to require students in violation of the College alcohol or drug policy to complete these two types of programs, wherein they have to complete modules focused on alcohol or drug use and abuse.

## STRENGTHS AND WEAKNESSES

---

### Strengths:

- Small campuses which allow WNCC personnel to intervene quickly if the need arises.
- The WNCC Counseling Center offers individual counseling as well as substance abuse, evaluation, education.
- Availability of an Employee Assistance Program (EAP)
- Development of partnerships with external individuals and organizations in communities where our three campuses are housed.
- Utilizing the Assistant Dean of Students position to assist the Dean of Students with student conduct matters including violations related to alcohol and drugs.
- An Institutional Effectiveness Director to help facilitate the compilation of necessary information and data.
- Number of free educational awareness opportunities made available to campus and external community.

- Membership in local and national organizations to assist the College in its drug and alcohol education and prevention efforts.
- Ongoing participation in the Nebraska Assessment of College Health Behaviors Survey.

**Weaknesses:**

- There is room for improvement on utilizing the data from alcohol and other drug surveys or assessments to drive programming related to the holes that are seen in the survey results.
- WNCC needs to work more with local resources to provide expertise in various areas and niche topics related to AODA programming and educational opportunities.

---

**COMPLIANCE (PROCEDURES FOR DISTRIBUTING ANNUAL AOD NOTIFICATIONS)**

---

Western Nebraska Community College complies with the Drug-Free Schools and Campuses Regulations through the following means:

- The College has affirmed in Board policy (Drug Free Schools and Communities, Policy Number 235.0300.90) its responsibility and commitment to prevent the unlawful possession, use or distribution of illicit drugs and alcohol by student and employees on its property or as part of any of its activities and to comply with the Drug Free School and Communities Act. The current board policy can be [found here](#).
- The College maintains a copy of its Alcohol and Drug Abuse Policy. It can be found in the Annual Security Report, The Student Handbook, The Residence Life Handbook, and on the College’s website.
- The College provides its employees and students annually with written and online materials that adequately describe:
  - Standards of conduct that prohibit unlawful possession, use, or distribution of illicit drugs and alcohol on its property or as part of its activities;
  - A description of the health risks associated with the use of illicit drugs and the abuse of alcohol;
  - A description of applicable legal sanctions under state, local, and federal law;
  - A description of applicable counseling, treatment, or rehabilitation

programs; and

- A clear statement of the disciplinary sanctions the institution will impose on students and employees.

---

## **ALCOHOL AND OTHER DRUG INFORMATION**

---

### **Health Risks Associated with Drug and Alcohol Use**

The use of alcohol and other drugs have health risks associated with them. Western Nebraska Community College educates students on these risks in various ways including active and passive programming, publication of information, and updating information in the Drug and Alcohol Abuse Prevention Program, which is published at <https://wncc.edu/about-wncc/consumer-information/index> under “Safety” and “Drug and Alcohol Prevention.”

### **Standard of Conduct/Disciplinary Sanctions**

Western Nebraska Community College’s standards of conduct clearly prohibit the possession, use, or distribution of illicit drugs and alcohol by students and employees on its property or as part of any of its officially recognized activities.

College policy prohibits the use, possession, or sale of alcoholic beverages in any form on College property, whether leased or owned, and on the specific premises of College sponsored or supervised off-campus functions, unless specifically approved by the Board of Governors in advance. The approval and authorization for the use, possession or sale of alcoholic beverages in any form on College property, within College facilities or at College sponsored or supervised off-campus functions is further conditioned upon the requirement that any use, possession or sale of alcoholic beverages be in complete conformity with the requirements of law.

The laws of local, state, and federal authorities pertaining to the possession and use of illicit drugs and alcoholic beverages on public property shall be followed. Specifically, this means that is a violation of the drug and alcohol policy for students or employees to purchase, manufacture, possess, consume, or sell such items on campus.

---

## **STUDENT CODE OF CONDUCT**

---

As an educational institution of higher education, WNCC seeks to provide the best educational environment for its students, faculty, and staff. The purpose of the Student Code of Conduct is to help ensure a safe and educationally productive environment for students, employees and visitors. Conduct that adversely affects a student’s responsible membership in the academic community shall result in appropriate disciplinary action.

The College sets forth a clear policy regarding alcohol and other drugs and indicates the following are forms of Non-Academic Misconduct that can subject students to discipline:

**Alcohol** - College policy prohibits the use, possession, or sale of alcoholic beverages on College property, whether leased or owned, and on the specific premises of College sponsored or supervised off-campus functions, unless specifically approved by the Board of Governors in advance and in full compliance with all applicable laws.

**Drugs** - College policy prohibits the consumption, possession or sale of controlled substances and/or the presence of persons under the influence of controlled substances on College property, whether leased or owned, and on the specific premises of College sponsored or supervised off-campus functions. Conduct covered by this offense includes but is not limited to:

- a. Manufacture, distribution, sale, offer for sale, possession, or use of any illegal drug or narcotic, including but not limited to barbiturates, hallucinogens, amphetamines, cocaine, opium, heroin, or marijuana;
- b. Misuse or abuse of legal drugs or narcotics;
- c. Possession of a device (drug paraphernalia) that has been used to ingest an illegal drug or narcotic.

More information, including the complete text of the code, can be found in the <https://wncc.edu/student-life/student-life-pdfs/2023-2024-student-handbook.pdf> . A copy of the current code of conduct can be found at: <https://www.wncc.edu/student-life/student-life-pdfs/student-handbook-2024-2025.pdf>

Student or employee violations of the standards as stated in the above paragraph shall result in any one or a combination of the following disciplinary sanctions, which are outlined in Administrative Procedure 560 for students (<https://www.wncc.edu/about-wncc/leadership/board-of-governors/ap-560-student-discipline-non-academic-conduct-administrative-procedure.pdf> ) and Board Policy 426 (<https://www.wncc.edu/about-wncc/leadership/board-of-governors/bp-426-discipline-policy.pdf>)

- Warning
- Disciplinary probation
- Suspension – up to and including expulsion or termination of employment
- Referral to an appropriate drug/alcohol education or treatment program
- Any other action considered necessary by college officials including educational modules or activities related to the specific topic for which they are being sanctioned

Definitions and accompanying procedures of these sanctions pertaining to students can be found in the Student Handbook. Policies and procedures of these sanctions pertaining to employees are included in the Board of Governors Policy Manual. Students' rights shall be protected in accordance with due process:

Students accused of violating the drug/alcohol policy as established shall have the right to:

1. A hearing before the appropriate campus official or judicial board, and 2. access to an appeal as defined within the college policies and procedures.

---

## **EMPLOYEE DRUG/ALCOHOL POLICY**

---

The College has affirmed in Board policy ([Drug-Free Workplace, BP-710](#)) its responsibility and commitment to maintain a drug-free workplace strictly according to the terms and conditions of the Drug-Free Workplace Act of 1988. The College has further set out its methods of implementing these terms in conditions in President's Procedures ([Implementation of Drug-Free Workplace, PP-710](#)).

The college prohibits the unlawful manufacture, distribution, dispensation, possession, or use of controlled substances on College property or while conducting College business off-premises. Any employee convicted of a criminal drug offense under the above conditions is subject to appropriate personnel action up to and including termination or satisfactory participation in a drug rehabilitation program.

### **Employee Assistance Program (EAP)**

The College has also established an Employee Assistance Program (Connections) to assist faculty, staff, and their families. The Connections EAP program includes assistance for alcohol and substance abuse issues and can be accessed by contacting a 24-hour toll free hotline at 1-800-779-6125. Employees may contact Human Resources for additional information.

---

## **COUNSELING, TREATMENT, AND REHABILITATION**

---

There are numerous drug and alcohol counseling, treatment, and rehabilitation options located within the 12-½ county area served by Western Nebraska Community College. The following listing groups these centers in in the following categories: information and referral offices, outpatient services and inpatient facilities. This is a partial list and inclusion of an organization does not imply endorsement nor does omission imply disapproval:

### OFFENSES RELATED TO ILLEGAL DRUGS

#### Selected Nebraska Drug Offenses & Penalties

The regulation of most drugs, also called controlled substances, is set out in the Uniform Controlled Substances Act ([Neb. Rev. Stat. § 28-401 et seq.](#)). In addition, there are other Nebraska State laws which establish penalties for various drug related offenses which are summarized below.

**Controlled Substance Analogue:** Nebraska's Uniform Controlled Substances Act treats controlled substance analogues the same as controlled substances. These drugs, also known as synthetic or designer drugs, are defined under the Act as a substance whose chemical structure is substantial similar to the chemical structure of a controlled substance or which have a stimulant, depressant, analgesic or hallucinogenic effect on the central nervous system that is substantially similar to or greater than the effect of a controlled substance. [Neb. Rev. Stat. § 28-401\(31\)\(a\).](#)

**Crimes Involving Minors:** Any person eighteen years of age or older who knowingly or intentionally manufactures, distributes, delivers, dispenses, or possesses with intent to manufacture, distribute, deliver, or dispense a controlled substance or a counterfeit controlled substance (i) to a person under the age of eighteen years, (ii) in, on, or within one thousand feet of the real property comprising a public or private elementary, vocational, or secondary school, a community college, a public or private college, junior college, or university, or a playground, or (iii) within one hundred feet of a public or private youth center, public swimming pool, or video arcade facility shall be punished by the next higher penalty classification. The Act also provides for an enhanced penalty for any person eighteen years of age or older to knowingly and intentionally employ, hire, use, cause, persuade, coax, induce, entice, seduce, or coerce any person under the age of eighteen years to manufacture, transport, distribute, carry, deliver, dispense, prepare for delivery, offer for delivery, or possess with intent to do the same a controlled substance or a counterfeit controlled substance. [Neb. Rev. Stat. § 28-416\(4\)\(a\)](#) and [5\(a\)](#). The Act also provides that if the person convicted of violating this section is eighteen years of age or younger, the court may as part of the conviction impound their motor vehicle licenses or permits and require such person to attend a drug education class. [Neb. Rev. Stat. § 28-416\(19\)](#).

**Conditions of Probation:** Any person convicted under the Uniform Controlled Substances Act

and placed on probation shall, as a condition of probation, attend and complete appropriate treatment and counseling on drug abuse. Neb. Rev. Stat. § 28-416(14).

**Being Under the Influence of Any Controlled Substance for Unauthorized Purpose:** It is a violation of Nebraska law to be under the influence of any controlled substance for a purpose other than the treatment of a sickness or injury as prescribed or administered by a practitioner. In a prosecution under this subdivision, it shall not be necessary for the state to prove that the accused was under the influence of any specific controlled substance, but it shall be sufficient for a conviction under this subdivision for the state to prove that the accused was under the influence of some controlled substance by proving that the accused did manifest physical and physiological symptoms or reactions caused by the use of any controlled substance. Neb. Rev. Stat. § 28-417(1) (g).

**Property Forfeiture:** Property used to manufacture, sell or deliver controlled substances can be seized and forfeited to the state. Property subject to forfeiture may include money, materials, productions and equipment and any aircraft, vehicles or vessels used or intended for use in transporting any controlled substance in violations of Nebraska law. Neb. Rev. Stat. § 28-431.

**Drug Paraphernalia Offenses:** It is a violation of Nebraska law for any person to use, or to possess with intent to use, drug paraphernalia to manufacture, inject, ingest, inhale or otherwise introduce into the human body a controlled substance. Neb. Rev. Stat. § 28-441(1). “Drug paraphernalia” shall mean all equipment, products, and materials of any kind which are used, intended for use, or designed for use, in manufacturing, injecting, ingesting, inhaling, or otherwise introducing into the human body a controlled substance in violation of specified Nebraska statutes or the Uniform Controlled Substances Act. Neb. Rev. Stat. § 28-439. It shall be unlawful for any person to deliver, possess with intent to deliver, or manufacture with intent to deliver, drug paraphernalia, knowing, or under circumstances in which one reasonably should know, that it will be used to manufacture, inject, ingest, or inhale or otherwise be used to introduce into the human body a controlled substance. Neb. Rev. Stat. § 28-442. It is a violation of Nebraska law for a person 18 years of age or older to deliver drug paraphernalia to a person under eighteen years of age who is at least three years his or her junior. Neb. Rev. Stat. § 28-443.

It is a violation of Nebraska law for any person to advertise or promote the sale of objects designed or intended for use as drug paraphernalia. Neb. Rev. Stat. § 28-444.

A violation of Neb. Rev. Stat. § 28-441 is punishable by a fine of not more than \$100 for first offense, not less than \$100 and not more than \$300 for second offense, and not less than \$200 and not more than \$500 on third or subsequent conviction. Neb. Rev. Stat. §§ 28-441 and 29-436. The penalty for violation of Neb. Rev. Stat. § 28-442 is not more than six months imprisonment or \$1,000 fine or both. Neb. Rev. Stat. § 28-442. The penalty for violation of Neb. Rev. Stat. § 28-443 is a Class I misdemeanor; imprisonment for not more than one year, or \$1,000 fine, or both. Neb. Rev. Stat. § 28-443. The penalty for any person who violates Neb. Rev. Stat. § 28-444 is a Class III misdemeanor.

**Imitation Controlled Substances:** It is a violation of Nebraska law to knowingly and intentionally manufacture, distribute, deliver or possess with intent to distribute or deliver an imitation controlled substance. "Imitation controlled substance" is a substance which is not a controlled substance but which is represented to be an illicit controlled substance. Neb. Rev. Stat.

§ 28-445. First offense violations of this law are punishable by a three-month imprisonment, or \$500 fine, or both. A second offense violation of this statute is punishable by not more than six months imprisonment, or \$1,000 fine, or both. Neb. Rev. Stat. § 28-445.

### **Tax penalties and consequences of conviction:**

Anyone who possesses or sells controlled substances or imitation controlled substances must pay the appropriate taxes to the Nebraska Department of Revenue and have the stamps attached to the controlled substances. Marijuana and controlled substances are taxed at the following rates:

- Illegal marijuana is taxed at \$100 on each ounce or each portion of an ounce. Neb. Rev. Stat. § 77-4303(1)(a).
- Any controlled substance that is customarily sold by weight or volume is taxed at \$150 for each gram or portion of a gram. Neb. Rev. Stat. § 77-4303(1)(b).
- Any controlled substance that is not sold by weight is taxed at \$500 for each fifty dosage units or portion thereof. Neb. Rev. Stat. § 77-4303(1)(c).

Failure to have the proper tax stamps attached to the controlled substance is a Class IV felony, with a criminal penalty of up to two years imprisonment and twelve months post-release supervision or a \$10,000 fine or both. If imprisonment is imposed, there will be a minimum of a 9-month post- release supervision. Neb. Rev. Stat. § 28-105(1); Neb. Rev. Stat. § §77-4309.

## **OFFENSES RELATED TO ALCOHOL**

### **Selected Nebraska Alcohol Offenses**

**Procuring Alcohol:** It is a violation of Nebraska law to sell, furnish, give away, exchange, or deliver, or permit the sale, gift or procuring of any alcoholic liquors to or for any minor or to any person who is mentally incompetent. Neb. Rev. Stat. § 53-180. Violation of this law is punishable by not more than 1-year imprisonment, or \$1,000 fine, or both. Neb. Rev. Stat. § 53-180.05 (1) and § 28-106 (1). Any person who knowingly and intentionally violates this provision and the acts resulted in serious bodily injury or death to any person shall be guilty of a Class IIIA felony and serve a mandatory minimum of at least 30 days imprisonment as part of any sentence. Neb. Rev. Stat. § 53-180.05 (2) and § 28-105.

**Minor in Possession:** No minor may sell, dispense, consume, or have in his or her possession or physical control any alcoholic liquor. Neb. Rev. Stat. § 53-180.02. Violation of this law is punishable by a three-month imprisonment, or \$500 fine, or both. Neb. Rev. Stat. § 53-180.05 (1) and § 28-106 (1).

**Consumption on Public Property:** It shall be unlawful for any person to consume alcoholic liquor upon property owned or controlled by the state or any governmental subdivision thereof unless authorized by the governing bodies having jurisdiction over such property. Neb. Rev. Stat. § 53-186.

A violation of this statute is punishable as follows: (1) For the first offense be fined not more than one hundred dollars; (2) upon a second conviction for the same infraction within a two-year period be fined not less than one hundred dollars and not more than three hundred dollars; and (3) upon a third or subsequent conviction for the same infraction within a two-year period be fined not less than two hundred dollars and not more than five hundred dollars. Neb. Rev. Stat. § 29-436.

**Driving Under Influence:** Driving while under the influence of intoxicating liquors or drugs is a violation of Nebraska law. Pursuant to Neb. Rev. Stat. § 60-6,196:

- (1) It shall be unlawful for any person to operate or be in the actual physical control of any motor vehicle:
  - a) While under the influence of alcoholic liquor or of any drug;
  - b) When such person has a concentration of eight-hundredths of one gram or more by weight of alcohol per one hundred milliliters of his or her blood; or
  - c) When such person has a concentration of eight-hundredths of one gram or more by weight of alcohol per two hundred ten liters of his or her breath.
- (2) Any person who operates or is in the actual physical control of any motor vehicle while in a condition described in subsection (1) of this section shall be guilty of a crime and upon conviction punished as provided in sections 60-6,197.02 to 60-6,197.08.

**A violation of this statute is punishable as follows and as provided in sections 28-105, 28-106 and 60-6,197.03:**

## **POLICY DEVELOPMENT AND ENFORCEMENT**

---

AOD policies are developed and enforced on- and off-campus through the following means:

- DUI laws are enforced on and off campus by appropriate law enforcement agencies;
- Disciplinary sanctions for violations of campus AOD policies are enforced;
- All coaches are notified when a student athlete is written up for an alcohol/drug violation(s) in the College Housing or off campus within the community;
- The Office of the Dean of Students regularly communicates with local law enforcement and community members regarding off-campus incidents and concerns about students' behavior and safety.

---

## **RECOMMENDATIONS FOR NEXT BIENNIUM**

---

1. WNCC will continue participating with the NACHB survey and Year One College Behavior Profile survey to gather comparative data and to track students use and perceptives of AOD related topics. This will help us improve prevention and education efforts. It will also help us assess the effectiveness of our efforts and show where we need improvement. The data is analyzed and sent to the Dean of Students, who then presents the data to the Student Life staff to inform programmatic decisions. For example, the Year One survey for fall of 2024 indicated that over 1/3 of respondents have driven after using marijuana; we plan to use the Nebraska Collegiate Prevention Alliance's statewide educational campaign resources to educate students on the risks of this behavior.
2. WNCC will continue our partnerships with local community resources to utilize their expertise in various areas. These partners include, but aren't limited to, Nebraska Collegiate Prevention Alliance, Panhandle Public Health District, Panhandle Prevention Coalition, local Police Departments, and Nebraska State Patrol. One main effort from these partnerships will include AOD workshops via the Panhandle Public Health District. These workshops will be open for all students and will be mandated by students who have violated our AOD policies. We also partner with the Nebraska Collegiate Prevention Alliance to set our standards of prevention efforts to match our peer institutions and state 4-year schools. In the 2023-2024 academic year, Western Nebraska Community College received a platinum status from the Nebraska Collegiate Prevention Alliance and we intend to continue that level of commitment to prevention and education efforts.
3. WNCC will work to enhance our current programs including our Oct-Sober Fest and Health

Week. We aim to make these more robust. Oct-Sober Fest will include half time events during Athletic games during the month that will focus on AOD topics to engage students in attendance and showcase to the community the importance of prevention and education. Oct-Sober Fest will also include student clubs and organization efforts on prevention programming, engaging students in the planning of activities and not just the day of. Student Life will also provide more late night programming, including intramurals, movie showings, trivia, bingo, and similar to ensure students have activities to engage with that are not alcohol or drug focused.

4. The Higher Learning Commission, who accredits Western Nebraska Community College, suggested in our recent review that we utilize data to inform decisions and create measurable goals. As such, Student Life assesses our efforts annually and makes yearly adjustments based on the data. This year, we will utilize the General Education goals of the College and utilize our new Mobile App for programmatic check ins, feedback, and tracking. Our assessment documents include Key Performance Indicators and outcomes for reach General Education goal.
  - a. Implement prevention activities that research or evaluation have shown to be effective in preventing high-risk drinking or violent behavior.
  - b. Provide multiple types of activities that are engaging to students about local resources.
  - c. Offer training opportunities to encourage peer-to-peer accountability and engagement.

## CONCLUSION

---

WNCC is committed to training staff and students about the risks associated with alcohol and drug use. At the same time, the College is committed, either on campus or with community resources, to aiding those who have a substance abuse issue. Students need a variety of platforms to engage with others, but they also need to learn how to engage with others. The College will continue to invest time and resources on holistic programming to help develop the whole student and educate them the risks associated with alcohol and drug use.

The College must also work to educate students on state laws; the laws of the state of Nebraska and the policies of WNCC prohibit the use, possession, consumption, sale, distribution, and unlawful manufacture of illegal drugs, narcotics or controlled substances. This is particularly important considering surrounding states laws regarding various substances and the drinking ages internationally. We must educate our students on the local laws and expectations to ensure comprehension and adherence.

WNCC finds value in the state resources providing standard surveys and response to Nebraska colleges. Working more closely with these entities in the future will allow the College to be more pro-active with alcohol and drug programming. WNCC students are more open in discussions regarding their usage of alcohol and drugs. The College will continue to work with the data received from the state and students to form programming for today's college student.
