

Course Schedule Key

Blended classes include some on-campus, in-person class meetings combined with online teaching and learning.

Face-to-face classes will be exclusively on-campus, in-person class meetings at one of the WNCC campuses.

ITV (Interactive video) means the instructor is located at the host campus, but students are able to attend the course on a different campus than the host campus, using classes set up with the ITV technology.

Online Instruction courses allow students to participate in the course at their own preferred time. There is no set time for classes to meet.

Stacked means more than one section meets at the same time in the same classroom (may be the same course, may be different courses).

Virtual (Synchronous) Instruction classes have a set time to take place. Instructors and students are online at the same time.

Sections highlighted in blue are sections for high school students only. Virtual Sections will end with a ‘V’.

♥ **Symbol** means the course satisfies a humanities requirement
