

General Studies (with emphases option in Art)

AA.2401 (60 Credits)
 Associate of Arts
 Alliance • Scottsbluff • Sidney

This emphasis area is designed to provide a well-rounded education for students who want to follow a general course of study in the liberal or fine arts. It may be useful to the student who wishes to attend only two years of college or to the student who plans to transfer to another institution but still needs the broad background of coursework in the freshman and sophomore years.

Objectives

- Provide for the well-rounded development of the individual.
- Permit the student to explore various fields that may lead to a major in the liberal arts or a specialized area.

Notes

- Students who plan to transfer to a four-year college or university should consult their faculty and transfer advisors early in their WNCC career to determine a curriculum best suited to their transfer goals.
- Students should consult with their faculty advisor about specific course recommendations to fulfill the six (6) humanities and six (6) social sciences credits required of the general education program. Advisors can help select the best courses to meet future career and transfer goals.
- There are two emphasis areas (general studies and art) from which to choose from when considering an AA in general studies.

General Studies Emphasis

General Studies (Math and Science)

AS.2401 (61 Credits)
 Associate of Science
 Alliance • Scottsbluff • Sidney

This program is designed for students wishing to follow a program of study with an emphasis in the sciences. Its purpose is to provide a well-rounded education for those students interested in a math or science-related field including engineering and computer science.

Objectives

- Permit students to explore various courses of mathematics and sciences that may lead to a major in a specialized emphasis area.
