**Please Note:** You must have filed a 2020-2021 Free Application for Federal Student Aid (FAFSA) and have received your results BEFORE submitting this form. All requests must contain all supporting documentation. Unsigned, incomplete or inadequately documented forms will not be considered. Submission of a request does not imply or guarantee approval, nor does approval guarantee the receipt of additional funds.

Financial aid eligibility is normally based on the student’s and his/her family’s gross annual income for the FAFSA tax year. The Federal Methodology formula uses information from the FAFSA to estimate what the family can afford to pay toward the student’s educational expenses. The formula automatically adjusts for certain expenses such as taxes and living allowances, but families sometimes have other expenses that impact their ability to pay for educational costs. In other cases, students incur educational expenses beyond what is included in the standard financial aid budget. This form is designed to address those circumstances and collect information that will help us re-evaluate your financial aid eligibility.

You will be notified in writing of the appeal committee’s decision. Allow 30 days for review. **Appeals MUST be submitted no later than mid-term of the semester for which the student is requesting aid.**

**NOTE:** A Special Expense Consideration typically only allows us to increase your Cost of Attendance, which increases your aid *eligibility*. **Approval does not mean that you will automatically receive more grant aid, but may make you eligible for more Federal Direct Loan funding. Additional loans will not automatically be processed; you must request the extra amount you would like to receive based on your eligibility.**

**INSTRUCTIONS**

- ⇒ Submit a typed (or neatly hand-written), **signed statement** explaining the unusual expenses and the impact on your family’s ability to pay for your education.
- ⇒ Mark the situation(s) below that most closely describe(s) your situation and submit the documentation indicated to support your request.
