SUMMER CAMPS

All Applied Technology classes held at the WNCC Applied Technology Building

Autobody Camp

Jun 2 & 3 (M, T)

8:00 a.m. – 12:00 p.m., \$70

Ages: 11 – 14

Instructor: Corey Batt, WNCC faculty

Ever wonder how cars are painted? Are you amazed at the custom, multi-colored hot rods, muscle cars, and tuner vehicles you see on the internet, TV, and at car shows? Now you can learn how the pros apply those award-winning, glass-like paint jobs. You will learn how to mix paint and apply it using the same equipment as the top professionals, leaving with your very own miniature car hood, that you painted. Taught by Corey Batt, WNCC Autobody Instructor with 34 years of experience and the winner of several national awards for his custom paint jobs. Don't miss out on this opportunity to learn about a career that is in high demand with great pay and impress your family and friends with your newly acquired skills.

Auto Tech Camp

Jun 4 (W)

8:00 a.m. – 12:00 p.m., \$40

Ages: 11 – 14

Instructor: Frank Riley, WNCC faculty

Have you ever wondered how a car engine works? Come join us in this auto tech camp and we will explore how a gas engine works, what makes the car stop, what powers the windows up and down and we will do some cool hands-on stuff. This camp is taught by WNCC Automotive Instructor, Frank Riley and will also include a visit from a local Hot Rod builder. You will get to see what a fast car looks and sounds like. The end of camp will include some friendly hands-on competition.

Weld like a Wizard!

Jun 5 (TH)

8:00 – 12:00 p.m., \$40

Ages: 11 – 14

Instructor: Russell Pontarolo, WNCC faculty

Experience the exciting World of Welding. Learn to safely harness the power of the electric arc and refocus electrons to work for you to make magic happen by joining materials together at the molecular level! Students will learn the basics of Gas Metal Arc Welding to join ferrous metal parts cut on the CNC Plasma Cutter to fabricate a small project they can take with them! Wear your jeans and leather work shoes. Welding Personal Protective Equipment (PPE) will be provided to use during the class.

Diesel Truck & Heavy Equipment Technologies Camp

Jun 6 (F)

8:00 a.m. – 12:00 p.m., \$40

Ages: 11 – 14

Instructor: Wayne Lund, WNCC faculty

If you bought it, a truck brought it!

Join us for our Diesel Tech summer camp to explore diesel engines and supporting systems. Learn how trucks, heavy machinery and ag equipment systems operate. Diesel technology requires not only hands-on mechanical skills, but also knowledge of computers and scanning equipment. Come and check out our diesel simulators, CDL trucks and assorted diesel equipment.

DON'T MISS OUT ON THE FUN!

308.635.6700 | go.wncc.edu/lifelonglearning

Kids in the Kitchen Week

Jun 2 – 5 (M – TH)

12:30 – 3:30 p.m., \$30/day or \$100/week

Ages: 7 – 12

Chef's Delight (Monday and Tuesday)

This course is sure to be a delightful experience for young aspiring chefs. Several educational skills are enhanced as they share stories, participate in cooking experiences, and learn about kitchen safety and dining etiquette. Participants will have opportunities to practice math and reading skills, learn science concepts, and develop good work habits as they work cooperatively in groups. What better motivator for learning than a good story and fun food?

Cupcake Boss (Wednesday and Thursday)

Cupcakes are simply irresistible single servings of delicious cakes and frosting dressed up in perfect little packages. In this course, student chefs will participate in several challenges to see who the "boss" of each challenge is. Some of the challenges are individual challenges and some are group challenges. Lots of frosting and fun will be had in this course.

Innovate, Create, & Explore Week

Jun 9 – 12 (M – TH)

12:30 – 3:30 p.m., \$30/day or \$100/week

Ages: 7 – 12

CSI: Crime Scene Investigations (Monday)

Are you a sleuth? Do you want to become one? If you would like to learn more about solving crime, this is the course for you! Participants meet crime-fighting professionals and learn their secrets. Participants learn the art of fingerprinting, hair analysis, dental impressions and other trace evidence left at the scene of the crime. It would be a crime to miss this course!

Goey, Gross, and Green (Tuesday)

In this course, participants create things that ooze, bounce, and squish. Participants take part in lots of hands-on goey, gross and green fun science and art projects. Prepare to make a mess and have tons of fun!

Jurassic Journey (Wednesday)

Participants explore the mysteries of dinosaurs and prehistoric times through books, websites and activities. Participants' learning is enhanced with several science skills including probability, biodiversity and archeology. Come and join the fun of this Jurassic Journey!

Dream Builders (Thursday)

Are you a master LEGO builder? Would you like to become one? This course encourages participants to explore their creativity and skills building with LEGO. Participants enhance their imagination as they unleash their inner LEGO builder. All building levels welcomed!

Astronomy Week

Jun 16 – 19 (M – TH)

12:30 – 3:30 p.m., \$30/day or \$100/week

Ages: 7 – 12

Planets Day (Monday)

Participants will learn about all of the planets in our great solar system. They will explore the planets through videos and in creating books. They will make planets posters using different art mediums. Participants will use sidewalk chalk to draw the solar system to help understand the scope and size of the solar system.

Moon Day (Tuesday)

There is so much to learn from the many moons of the solar system. In this course, participants will learn about the different phases of Earth's moon, they will make moon rocks and create renditions of the moon using puffy paint. Participants will also learn about the moons of other planets in our solar system.

Constellation Day (Wednesday)

Calling all star gazers! In this course, participants will learn about stars and the many constellations in our universe. Participants will learn about constellations from books and videos. Then they will re-create constellations using foil stickers and marshmallows. By the end of this day, participants will have created their very own constellations. What will your constellation be?

Galaxy Day (Thursday)

To Infinity and Beyond! Do you wonder about Buzz Lightyear adventures? Participants will learn about the vastness of our galaxy. They will create their own galaxy in a jar. Are aliens real? Participants will explore their creativity in creating and naming their very own alien. This course is sure to be out of this world!

SUMMER CAMPS

Most classes held at the John N. Harms Center

All About the Arts Week

Jul 14 – 17 (M – TH)

12:30 – 3:30 p.m., \$30/day or \$100/week

Ages: 7 – 12

Caution: Wet Paint (Monday)

Imagine, explore, discover, and create products using a variety of paints. Participants will use puffy paint, neon paint, liquid watercolors, pearl paint, glitter paint, and glow-in-the-dark paint. Participants will learn about famous artists from around the world and emulate their famous works of art.

Marvelous Mosaics (Tuesday)

Participants will learn about the ancient art of mosaics and learn to make their own artwork using a variety of fun and unique materials. Participants cut, glue, read, and create as they learn about how traditional and modern mosaics are created.

Duct Tape Dynasty (Wednesday)

Duct tape solves everything, right? Participants will use duct tape to decorate jars, composition books, pencil pouches, pencils, etc. Participants will also create various items such as wallets and flowers using only duct tape. Taking it one step further, participants are encouraged to do some research and learn how to make more difficult items using only duct tape. Today will give a new meaning to “sticky situations”.

Just Bead It (Thursday)

Beads, safety pins, leather, and paper clips, oh my! Does that sound intriguing? These are just a few of the materials participants will explore and create with during this course. Participants will create bracelets, rings, and necklaces for all occasions. They will also have the opportunity to embellish picture frames and create sharpie art to put in their frames.

Exploring K’NEX Week

Jul 21 – 24 (M – TH)

12:30 – 3:30 p.m., \$30/day or \$100/week

Ages: 7 – 12

Everyone agrees that K’NEX STEM building sets do a fantastic job promoting teamwork and sparking curiosity within boys and girls. Participants in this course will explore and create with a wide range of K’NEX building kits such as catapults, roller coasters, carnival rides, and much more. Are you ready to imagine, build and play with K’NEX? This course is for you!

Safe Babysitting Clinic (12 Hours)

Jun 6 (F) 8:00 a.m. – 4:00 p.m.,

Jun 7 (S) 8:00 a.m. – 12:00 p.m., \$65 or

Jul 25 (F) 8:00 a.m. – 4:00 p.m.,

Jul 26 (S) 8:00 a.m. – 12:00 p.m., \$65

Ages: 10 – 15

Earn a certificate for 16 hours of training from our Safe Babysitting Clinic. American Heart Association instructor Sheila Clemens will teach the Family and Friends CPR for adult, child, and infant; basic first aid; choking rescue techniques; and use of

an AED. Babysitting instructor Janelle Anderson, Home Visitor for Sixpence at Scottsbluff Public Schools, has a Master's-in-education with an endorsement in early childhood special education. Participants will learn behavior guidance techniques, age-appropriate expectations, negotiating pay, and early childhood education opportunities. Hands-on activities include making snacks, mixing formula, diapering, and making learning games for children. Lunch is provided, or participants can bring their own lunch.

Paws, Claws, and Tails

Kids' Camp for Pet Care Adventures!

Jun 10 (T), or Jun 26 (TH)

9:00 a.m. – 12:00 p.m., \$50

Ages: 10 – 14

Registration Deadline: Jun 6

Calling all young animal lovers! Join us for an exciting camp where kids can learn how to care for their furry friends. Through hands-on activities in this interactive workshop, campers will discover the basics of feeding, grooming, training, and providing a loving environment for their pet. They'll also meet a special guest animal, hear from pet care experts, and even explore making snacks. By the end of camp, kids will leave with new friends (both human and animal), valuable knowledge, and an even deeper love for pets.

Curious Cooks

Jun 20 (F), or Jul 8 (T)

10:00 a.m. – 2:00 p.m., \$90

Ages: 8 – 12

Instructor: Mindy Lively (Certified)

Registration Deadline: Jun 18

Are you a curious cook? Spend a day in the kitchen using all of your senses! Discover colors, smells, textures, and flavors of different foods! We will be detectives in the kitchen! Students will cultivate their curiosity about food while using all of their senses. We will also learn some new things about our bodies and how the different colors and flavors are healthy for us. A light lunch is included in the lesson, and students will go home with a meal they prepared themselves! Students may pack a sack lunch if they prefer. Food preferences and sensitivities are ok. As a certified gut health coach through GAPS International, the instructor is trained to provide appropriate substitutes and considerations

DON'T MISS OUT ON THE FUN!

308.635.6700 | go.wncc.edu/lifelonglearning

Watermelon Board

Jun 12 (Th)

9:00 a.m. – 12:00 p.m., \$35

Ages: 5 – 14

Instructor: Tiffany Schank

Location: Elodie's Oddities

Join us for a sweet summer session where kids can paint their own vibrant watermelon boards! We'll provide pre-cut wooden boards shaped like watermelons, and all the colorful paints and supplies needed to create a fun, personalized piece. Kids will learn basic painting techniques and let their creativity shine as they design their own juicy watermelon slice, perfect for displaying or gifting.

Bee Canvas

Jul 8 (T)

9:00 a.m. – 12:00 p.m., \$35

Ages: 5 – 14

Instructor: Tiffany Schank

Location: Elodie's Oddities

Buzz into creativity with our bee-themed canvas painting class! Kids will learn to paint a cheerful scene featuring a busy bee. We'll guide them through basic painting techniques, from mixing colors to creating fun textures. They'll use bright paints and stencils to design their own unique bee canvas, perfect for adding a touch of nature's sweetness to their room.

Summer Mirror

Jun 17 (T)

9:00 a.m. – 12:00 p.m., \$35

Ages: 5 – 14

Instructor: Tiffany Schank

Location: Elodie's Oddities

Get ready for some colorful fun in our kids' board flip-flop mirror class! We'll transform ordinary clay into unique, personalized mirrors. Kids will learn to sculpt their clay and glaze with bright glazes! This creative project allows them to express their style while making a practical and playful mirror to keep or gift.

Clay Wall Hangings

Jul 17 (Th)

9:00 a.m. – 12:00 p.m., \$35

Ages: 5 – 14

Instructor: Tiffany Schank

Location: Elodie's Oddities

Join us for a bloomin' good time in our floral clay wall hanging class! Kids will discover the beauty of nature by pressing real flowers and leaves into soft clay, creating unique and textured imprints. We'll guide them through the process of shaping their clay, carefully arranging their floral designs, and adding personal touches. After drying and firing, their creations will transform into beautiful, one-of-a-kind wall hangings, capturing the delicate beauty of nature's artistry.

Sgraffito Plate

Jun 27 (F)

9:00 a.m. – 12:00 p.m., \$35

Ages: 5 – 14

Instructor: Tiffany Schank

Location: Elodie's Oddities

Dive into creativity with our sgraffito ocean plate class! Kids will learn the ancient technique of sgraffito, scratching through layers of colored glaze to reveal a vibrant underwater scene. They'll design their own ocean landscape, complete with sandy shores, rolling waves, and a charming sea turtle swimming by. We'll guide them through each step, from layering the glaze to the intricate scratching process, resulting in a unique and textured plate that captures the beauty of the sea.
