EEO/Veteran's Preference Employer

---

<b>SALARY:</b>	\$15.18 Hourly
<b>OPENING DATE:</b>	08/28/18
<b>CLOSING DATE:</b>	09/12/18 11:59 PM
<b>JOB TYPE:</b>	PERM FULL TIME
<b>LOCATION:</b>	Harrison
<b>DEPARTMENT:</b>	Department of Transportation

#### DESCRIPTION:

Looking to expand your knowledge of heavy equipment? We offer a diversity of machinery usage that can help to launch your career development. Grow your knowledge and expertise by applying today. Successful applicant will be trained to operate various types of highway maintenance equipment including: dump trucks, semi-truck trailers, rollers, loaders, tractors, motorgraders, snowplows, draglines, backhoes, distributors and spreaders. Proficiency in the operation of heavy highway maintenance equipment/duties will be required to successfully complete original probation.

#### EXAMPLES OF WORK:

Operate trucks and other light equipment to complete highway maintenance work. Operate tractors with various attachments including disc, harrows, seeders, 15 foot mowers, sprayers and hand mowers to maintain highways and highway right of ways. Operate post drivers for the installation of signs, fences, and guardrails and other hand held power and manual tools. Maintain the upkeep of shrubs and lawns and perform tree trimming and brush cutting. Maintain yards and performs building maintenance and cleaning. Paint buildings and various structures. Perform manual labor for concrete and bituminous patching and sealing of cracks in highways and structures. Manually provide highway traffic control for construction and maintenance projects according to safety procedures. Safely move, drag, lift, load, and unload various equipment, materials, supplies, and hazardous materials or objects from the roadway within weight restrictions; spread and tamp surfacing materials. Complete routine and general maintenance and mechanical repair on equipment. Repair highway signs. Perform snow removal. May apply chemicals of selective and non-selective herbicides spray to highway right of way.

#### QUALIFICATIONS / REQUIREMENTS:

**REQUIREMENTS:** Applicants must be at least 18 years of age and possess a valid driver's license, and possession of a Class A or B Commercial Driver's License (CDL) with air brakes and tanker endorsement are required within 60 days of employment.

**PREFERRED:** Experience in the operation of heavy equipment and/or farm equipment. Those applicants with a valid Class A or B Commercial Driver's license with tanker endorsement. Basic computer experience.

**OTHER:** A valid Class A Commercial Driver's license with tanker endorsement is required within 60 days. Must be a safe worker that is team oriented. Regular and reliable attendance.

#### KNOWLEDGE, SKILLS AND ABILITIES:

Must be able to safely move, drag, lift 35 pounds frequently, up to 60 pounds occasionally (without assistance), and 90 or more pounds infrequently (with assistance); climb, bend or stoop; work in outdoor temperature extremes and work around high speed traffic. Ability to follow directions with minimal supervision. Ability to communicate effectively. Must be able to report to work for snow and other highway emergencies within 40 minutes under normal driving conditions and be placed in an "on-call" status.

## Automotive/Diesel Mechanic

EEO/Veteran's Preference Employer

<b>SALARY:</b>	\$18.32 Hourly
<b>OPENING DATE:</b>	07/11/18
<b>CLOSING DATE:</b>	09/07/18 11:59 PM
<b>JOB TYPE:</b>	PERM FULL TIME
<b>LOCATION:</b>	Crawford
<b>DEPARTMENT:</b>	Department of Transportation
<b>DESCRIPTION:</b>	

Under limited supervision will be responsible for the repair and maintenance of a variety of gasoline and diesel powered equipment and vehicles.

### EXAMPLES OF WORK:

Perform major engine overhauls using precision tools to completely rebuild gasoline and diesel engines. Overhaul transmissions and final drives, perform repairs and diagnostics of hydraulic systems and rewire electrical systems. Perform metal fabrications and major repairs on snowplows and trucks that may require extensive welding. Disassemble units, inspect parts for wear, repair, overhaul and replace parts using precision measuring instruments. Inspect reassigned equipment to insure that it is safe for operation by field personnel. Perform diagnosis and repairs on equipment breakdowns in the field. Obtain bids for the parts needed to repair engines. Maintain accurate records of time and materials expended. Perform preventative maintenance. Operate equipment during emergency snow removal operations.

### QUALIFICATIONS / REQUIREMENTS:

**REQUIREMENTS:** Practical work experience performing automotive/diesel maintenance and repair, including use of computerized diagnostic instruments and equipment OR post-secondary vocational or technical coursework in automotive/diesel mechanics including instruction in computerized diagnostic equipment and in automotive/diesel mechanical maintenance and repair practices, equipment, and technologies.

**PREFERRED:** A degree in auto/diesel mechanics and experience. Experience in the use of hand tools, testing equipment, and diagnosing and troubleshooting problems. Experience or education in diagnosing malfunctions from verbal descriptions in order to repair equipment in the shop or field. Welding/fabrication experience.

**OTHER:** Must be at least 18 years old and possess a valid driver's license. Must possess a valid Class A Commercial driver's License (CDL) with tanker endorsement or obtain it within 60 days of hire. Must be able to report to work outside scheduled work hours within 30 minutes under normal driving conditions. Regular and reliable attendance.

### KNOWLEDGE, SKILLS AND ABILITIES:

Knowledge of hydraulic and electrical systems and ability to diagnose and repair equipment malfunctions. Must be able to lift and handle, manually or through mechanical means, heavy materials and equipment weighing up to 100 pounds. Ability to work with limited supervision and be self-motivated. Basic computer skills.
